Both water rights were decreed in 2002. Irrigation appears to have occurred as recently as 2011. The rights were leased into the WSB from 2012 to 2021. No concerns

Injury to Other Water Rights

Lease of these water rights would not cause injury to other water rights.

Enlargement of Use

No enlargement is expected through the lease of these rights.

Beneficial Use/Conservation of Water Resources

The lease appears consistent with the conservation of water resources in Idaho.

Thank you for all the information. I will try to meet with Harry next week to sign the applications.

Neil,

Thank you for assisting him, really.

He will need an application for each water right, regardless of whether they end up on the same lease contract or some combination there of in the end.

The application fee is 250 per water right, max of 500 for stacked water rights (same POU acre overlap). If all of these are coming back in, it'll be

65-11362, 65-2543 ✓	500
65-11363, 65-2633, 65-7817 ✓	500
65-2538 ✓	250

Total	\$2,250
