Re: Change in Ownership for Water Right Nos: 78-4115, 78-10106, 78-12280, 78-12301

Dear Water Right Holder:

The Department of Water Resources Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you, a Proof Report.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

While processing your Ownership Change Notice (Notice) I came across water right 78-2025 which has portions of its place of use on your newly acquired property. I have enclosed a Proof Report of the water right for your reference. If you wish to claim a portion of this water right, complete a new Notice such as you have for the previous ownership changes. Include the fee to split a water right, \$100.

If you have any questions concerning the enclosed information, please contact me at 208-605-4631.

Sincerely,

Susy Hobson
