RE: **Veteran's Name: BLOXHAM, Vern Cluff**
SSN/SN: ***995**
Request Number: 2-20009699705

Dear Recipient:

Thank you for contacting the National Personnel Records Center. The military record needed to answer your inquiry was located in the area that suffered the most damage in the fire that occurred at this Center on July 12, 1973. Fortunately, the record/a portion of the record was among those recovered; however, it was damaged in the fire. We are enclosing a copy of the separation document, but the photocopy is the best that we can obtain. A seal has been affixed to the separation document to attest to its authenticity.

The separation document may include the following information: authority for separation, reason for separation, reenlistment eligibility code, and separation (SPN/SPD) code. If you require a copy of the separation document that does not contain this information, a deleted copy may be requested from this Center.

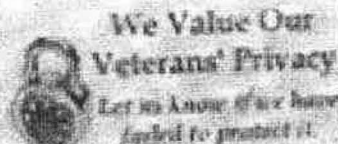

We regret the photocopy is of poor quality; however, it is the best that we can obtain.

If you have questions or comments regarding this response, you may contact us at 314-801-0800 or by mail at the address shown in the letterhead above. If you contact us, please reference the Request Number listed above. If you are a veteran, or a deceased veteran's next of kin, please consider submitting your future requests online by visiting us at <http://veterans.archives.gov>.

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208)287-4921.

Sincerely,

Debra Mansfield

RE: Notice of Change in Water Right Ownership for Eagle Eyes LTD

On October 22, 2024 the Department received a change in ownership for water rights 29-14029 & 29-14031 from new owner Eagle Eyes LTD.

The documentation we received with the Notice named a parcel number (R4433014102) that is no longer on record with the county; I was unable to compare the deed's parcel number with the Department's record for the right.

I requested additional documentation on November 08, 2024 to complete the chain of title from the decreed owners to Eagle Eyes LTD.

On November 19, 2024, the Department received additional documentation: a chain of deeds from the original owners of the land (Elvira W Penrose) to the Bloxhams. Although the parcel numbers do not match all of the documentation is appurtenant to this ownership change.

On November 19, 2024 I requested additional documentation as this Warranty Deed (21102746) does not go back to the decreed owners on record.

On December 23, 2024 the Department received multiple deeds/documents dating back to 1910 for the property. The received documents do not complete the chain of title clearly. On January 07, 2025 I contacted the Bannock county recorders office and requested all of the deeds on record that were linked to the Parcel PIN RPR 4433014103. The county was able to provide the documents that I had already received from the applicant. Due to the county changing parcel numbers and due to multiple sales breaking up the parcels the deeds contain parcel numbers that were difficult to correlate with one another. The supporting documentation in this ownership change is complete.

RE: Change in Ownership for Water Right No(s): **29-14029, 29-14031**

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Filing Fee for changes resulting from division of a water right - **\$150**
- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

During our review of the documentation you submitted we found discrepancies between that documentation and the legal description of the place of use for the water rights listed on your notice. I have enclosed a copy of your submitted deed for your reference.

Included in the *Corrected Warranty Deed 20331543* is the the property description for Parcel R4433014102; located in the SE 1/4, Section 15, Township 11 South, Range 37 East, Bannock County. The Department found that this parcel is no longer on record in Bannock County.

County records indicate that the current Parcel at the place of use for these rights in the SE ¼ of Section 15, Township 11 South, Range 37 East is Parcel RPR4433014106. The Department will need documentation showing your ownership of the Parcel RPR4433014106 to complete the chain of title for water rights 29-14029 and 29-14031.

The Department also found that these rights will need to be split to complete the change in ownership. We found that a 3.2 acre portion of each of these rights are appurtenances of Bannock County Parcel PIN RPR4433025407, currently owned by Lawrence Neal West. These 3.2 acre portions will need to be split off of each water right to complete the change in ownership.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that the filing fee for your notice will be \$150.

Because the Department cannot process the Notice without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information and fees. If we do not receive the necessary information & fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208)287-4800.

Sincerely,

Debra Mansfield
