

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
AMENDED APPLICATION FOR PERMIT
To appropriate the public waters of the State of Idaho
No. 97-9786

1. Applicant(s)

MIRROR LAKE LLC
PO BOX 55
PRIEST RIVER ID 83856-0055
208-610-4425, JAKEWEIMER10@GMAIL.COM

RECEIVED**JAN 10 2024****IDWR / NORTH****2. Representative(s)**

WEIMER DYNASTY TRUST
PO BOX 55
PRIEST RIVER ID 83856-0055
208-610-4425, JAKEWEIMER10@GMAIL.COM

- a. Send original correspondence to the applicant and copies to the representative.
b.

3. Source of Water Supply:

Source : SPRING

Tributary: SINKS**4. Location of Point(s) of Diversion:**

Heading	Point of Diversion # 1
Source	SPRING
Tributary of	SINKS
Township	56N
Range	04W
Section	8
Govt. Lot	
QQQ/QQ/Quarter	SW¼SW¼SE¼
County	BONNER
Diversion Type	
Local name or Tag#	
Type and size of devices	Spring box with pipeline to domestic use and diversion to storage pond that has earthen dam 10' tall by 340' long by 90' wide.
Height of storage dam	10 ft
Active/ Total Reservoir capacity	9.6 af
Dam Application required?	No
Proposed well diameter/ depth	
Water Temp > 85°F?	No
Drilled Date	
Drilling firm	
Property Owner	Applicant
Access Arrangement Description	N/A

5. Water will be used for the following purposes:

Purposes	Season	Rate	Volume	Description
DOMESTIC	01/01 to 12/31	0.04 CFS		1 Home(s) with ½ ac irrigation included
DIVERSION TO STORAGE	01/01 to 12/31	0.20 CFS		
FIRE PROTECTION STORAGE	01/01 to 12/31		19.4 AF	
RECREATION STORAGE	01/01 to 12/31		19.4 AF	

For Department Use

Received by _____ Date _____ Time _____ Preliminary check by _____
 Fee \$ 4100 Received by NS Receipt No. N044303 Date 11/10/24
5900 online T 113336 11/14/23

6. Total quantity to be appropriated is (a) 0.20 cubic feet per second (cfs) and/or (b) - acre-feet / year (af).

7. Proposed diverting works:

a. If an existing well, who was the well drilled for? Drilling Permit No.

8. Describe other proposed water uses : N/A

9. Description of place of use:

Place of Use: DOMESTIC

Twp	Rng	Sec	NE				NW				SW				SE				No QQ	Totals
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE		
56N	04W	8											X							0.0

Place of Use: FIRE PROTECTION STORAGE & RECREATION STORAGE

Twp	Rng	Sec	NE				NW				SW				SE				No QQ	Totals
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE		
56N	04W	8											X							0.0

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping?
N/A

11.

- Who owns the land to be irrigated or place of use? Applicant.
- If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing:

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary.

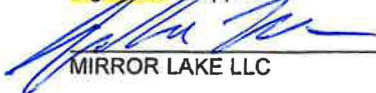

Spring is diverted to homesite for domestic use including 1/2 acre irrigation for lawn/landscaping) via a spring box and pipeline. Spring also diverted to an excavated pond used for fire protection & recreation storage for fish stocking. Overflow from the spring sub-irrigates part of a hay field, but no water is drafted from the pond for irrigation purposes.

13. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum 1 year).

14. MAP OF PROPOSED PROJECT REQUIRED - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

Signature of Applicant

The seal of the State of Idaho is a circular emblem. It features a central shield with a landscape scene, including a river, mountains, and a rising sun. Above the shield is a banner with the motto "ANNO DOMINI 1890". The shield is flanked by two female figures representing Justice and Liberty. The outer ring of the seal contains the text "THE GREAT SEAL OF THE STATE OF IDAHO" and a small star at the bottom.

Total Storage Calculations

FILE NUMBER	97-9786
REVIEWER	Tammy Alleman
DATE	1/11/2024

This spreadsheet has been designed by Idaho Department of Water Resources to estimate the total seepage, evaporation and fill capacity required for a pond.

User Input
Calculated value
Formula Explanations

Surface Area (AC.)	1.2	"Surface Area" is automatically carried over from the "Seepage Loss" sheet.
Average Pond Depth (FT.)	8	"Average Pond Depth" depicts the actual depth of the pond either measured or estimated. Note: If you know the maximum depth and not the average depth, the Field Examiner's Handbook suggests multiplying the maximum depth by 0.4 to get the average depth, or you can use any method that seems reasonable to attain average depth.
Pond Capacity (AF)	9.6	Pond Capacity is calculated by multiplying the Pond Surface Area by the Average Pond Depth. If you know the capacity, divide the capacity by surface area and enter the average pond depth in the space above. Note: If pond capacity is determined using a method shown on the "Pond Capacity" sheet, the user may need to modify the value of "Pond Capacity" (cell B9) manually. Note that if the value is modified manually, the formula will be altered for future use.

Multiple Fill Volume Above Initial Fill to Fulfill From Storage Needs- "Multiple Fills" (AF)	0	The "Multiple Fill Volume Above Initial Fill" is the acre-feet of water required to meet a <i>from storage</i> component if the <i>from storage</i> component exceeds a one time fill. This section should not include the amount of water needed to fill the pond initially or the amount of water needed to maintain the pond level due to evaporation or seepage. For example: if a pond has a capacity of 5 acre feet and 2.5 acre feet of seepage and evaporation, but the pond is used for irrigation that requires 10 acre feet of from storage for the irrigation use, then you would insert 5 acre feet into this location (10 acre feet needed - 5 acre feet from the initial fill = 5 acre feet of additional storage needed). Note: You must have a "From Storage" component exceeding the initial fill on the permit to include a volume in this space.
Estimated Seepage Loss (AF)	8.8	The "Estimated Seepage Loss" is automatically carried over from the "Seepage Loss" sheet.
Estimated Evaporation Loss (AF)	1.0	The "Estimated Evaporation Loss" is automatically carried over from the "Evaporation Loss" sheet.
Total Volume Required (AF)	19.3	The "Total Volume Required" is calculated by adding the Pond Capacity, Multiple Fills, Seepage Loss, and Evaporation Loss amounts to determine the total amount of storage required.

- POND MAXIMUM DEPTH = 20 FT WITH AVERAGE DEPTH OF 8 FT.
- POND CAPACITY = 9.6 AF WITH A 10 FT EARTHEN DAM HEIGHT.
- DIVERSION TO STORAGE RATE = 0.20 FS (FROM SPRING TO POND).
- FIRE PROTECTION STORAGE & RECREATION STORAGE (FISH STOCK POND) ANNUAL VOLUME = 19.4 AF.
- APPLICATION FOR PERMIT INCLUDES DOMESTIC USE FOR 1 HOME WITH 1/2 ACRE IRRIGATION PIPED FROM THE SAME SPRING SOURCE THE POND IS FILLED FROM; DIVERSION RATE IS 0.04 CFS (DEPARTMENT STANDARD).
 - DUE TO THE DIRECT FLOW BENEFICIAL USE, THERE IS NO TOTAL VOLUME ASSIGNED TO STEP 6 ON THE APPLICATION, BUT VOLUMES ARE ASSIGNED IN STEP 5 FOR EACH BENEFICIAL USE.

RE: Application for Permit No. 97-9786

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the BONNER COUNTY DAILY BEE, PRIEST RIVER VERSION on 2/7/2024 and 2/14/2024. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Tammy Alleman
Administrative Assistant

To: Jake Weimer
Subject: IDWR app for permit amendment 97-9786
Attachments: Copy - original application for permit.pdf; 97-9786 - Amended application for permit.pdf; application-for-permit-instructions.pdf

Mr. Jake Weimer,

Please respond to this email that you have received this correspondence (thank you!)

This email accounts for originally filed Claim 97-9042, which once shifted to the application for permit shall assume water right No. **97-9786**.

I have enclosed a copy of the original application and withdrawal of claim form in addition to a PROPOSED DRAFT – Amendment to Application document.

Please review the copy of original but only return the signed amendment forms once you are satisfied with the documents. Please note that we can change this to meet your intent prior to submitting, I'm here to assist you and Jill.

Please review the amendment forms which include a pond analysis, new map, LLC document, excerpt showing spring source, and application form with highlighted areas that changed from your original version. The form is accurate for legal descriptions.

- There are some changes to this form you may want to discuss, including the applicant's name – I note from Bonner County tax assessors that Mirror Lake LLC is the current owner. I've assigned this as the applicant and the Weimer Dynasty Trust as a representative; this is standard for how IDWR would pursue the contact information for water rights. Let me know if this is ok with you.
- I changed the tributary to reflect the spring water sinking into the ground vice flowing in channel to the river. Let me know if this is appropriate, but I don't see it connecting to a stream channel in aerial imagery.
- Spring sources require legal description down to the 10 acres (QQQ). I know you stated the spring was halfway between the pond and tree line, but aerial imagery shows a spring box (pg 5 of amendment document) that illustrates it further east near the tree line. This POD legal description is important, so let me know if you believe it should be moved further west.
- Water uses have changed. When we see direct flow uses (domestic) no Total Volume is assigned to step No.6. Maximum volume values will be worked in when IDWR moves to license the permit at a later date/time.
- Question – domestic use for 1 home or for 2? I've annotated 1 with corresponding rate of 0.04 cfs. 2 homes is authorized 0.06 cfs but the map you provided shows the cabin in the woods vice the large home to the south.
- Total diversion rate in step 6 was capped at 0.20 cfs instead of the sum of rates in step 5. This keeps you at the 100.00 fee scale and its likely your spring doesn't pump up to 90 gpm. Let me know if you would like to change the total diversion rate.
- The pond analysis I've constructed is conservative and may be somewhat inflated, but still stays within the 1st fee scale and accounts for seepage and evaporation losses based on your property area and soil types.

Once you are satisfied with the amendment document, please do the following to submit:

1. Print 6-page PDF and apply wet ink signatures to the form.
2. Enclose additional fees in the amount of **\$41.00** payable to IDWR and return the packet to IDWR by mail to the address listed below C/O Luke Bates.
 - a. Review of the Withdrawal of Claim form (PG 4 of the Copy – Original filing) shows \$59.00 has been paid under receipt T113336. The application for permit base fee is \$100.00, resulting in the need for the added fees at time of submission. Please reference the instruction guide for fee scale based on Rate OR Volume = \$100.00 fee.

Please do let me know if you have any concerns or would like to make changes to this amended form.

Please do ensure the amendment with fees is submitted within 30 days, but no later than 31 January 2023. Failure to submit amendment may result in the original filing being returned to you as I'm unable to process the application as it has been submitted.

Thank you Sir,
Luke Bates
