

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
AMENDED APPLICATION FOR PERMIT
To appropriate the public waters of the State of Idaho
No. 97-9785

1. Applicant(s)

JILL WEIMER
PO BOX 55
PRIEST RIVER ID 83856
208-610-4425, JILLWEIMER10@GMAIL.COM

RECEIVED**JAN 10 2024****IDWR / NORTH****2. Representative(s)**

JAKE WEIMER (Representative)
PO BOX 55
PRIEST RIVER ID 83856-0055
208-610-4425, JAKEWEIMER10@GMAIL.COM

- a. Send all correspondence for this application to the representative and not to the applicant.
b. The representative may submit information for the applicant but is not authorized to sign for the applicant.

3. Source of Water Supply:**Source :** UNNAMED STREAM**Tributary:** PEND OREILLE RIVER**4. Location of Point(s) of Diversion:**

Heading	Point of Diversion # 1
Source	UNNAMED STREAM
Tributary of	PEND OREILLE RIVER
Township	56N
Range	04W
Section	29
Govt. Lot	
QQQ/QQ/Quarter	NE¼SE¼
County	BONNER
Diversion Type	
Local name or Tag#	
Type and size of devices	EARTHEN DAM 10' TALL, 120' LONG, 40' WIDE
Height of storage dam	10 ft
Active/ Total Reservoir capacity	1.6 af / 1.6 af
Dam Application required?	No
Proposed well diameter/ depth	
Water Temp > 85°F?	No
Drilled Date	
Drilling firm	
Property Owner	Applicant
Access Arrangement Description	N/A

5. Water will be used for the following purposes:

Purposes	Season	Rate	Volume	Description
FIRE PROTECTION STORAGE	01/01 to 12/31		3.3 AF	
AESTHETIC STORAGE	01/01 to 12/31		3.3 AF	
RECREATION STORAGE	01/01 to 12/31		3.3 AF	
STOCKWATER STORAGE	01/01 to 12/31		0.1 AF	Livestock: up to 5 Mixed Stock (horses)

6. Total quantity to be appropriated is (a) - cubic feet per second (cfs) and/or (b) 3.4 acre-feet / year (af).**For Department Use**

Received by _____ Date _____ Time _____ Preliminary check by _____
 Fee \$ 48⁰⁰ 52⁰⁰ Received by NS online Receipt No. N044302 T113322 Date 1/10/24 11/14/23

7. Proposed diverting works:

a. If an existing well, who was the well drilled for? Drilling Permit No.

8. Describe other proposed water uses : N/A**9. Description of place of use:**

Place of Use: FIRE PROTECTION STORAGE, AESTHETIC STORAGE, RECREATION STORAGE, & STOCKWATER STORAGE

Twp	Rng	Sec	NE				NW				SW				SE				No QQ	Totals
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE		
56N	04W	29													X					

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping?
Groundwater cistern associated with Beneficial Use Claim 97-9025 used for domestic use 1 home and lawn, garden, & landscape watering.

11.

- a. Who owns the land to be irrigated or place of use? Applicant.
b. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: N/A

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary.

Pond created by earthen dam has existed for decades and provides several uses we would like to be protected into the future. Earthen dam and pond were created by a previous owner likely in the 1950s although IDWR says it was created after 1971. Pond used for fish stocking, fire prevention, aesthetic use, and stockwater for horses. The pasture below the pond benefits from sub-irrigation but water is not drafted from the pond to irrigate.

13. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum 1 year).

14. MAP OF PROPOSED PROJECT REQUIRED - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

Total Storage Calculations

FILE NUMBER	97-9785
REVIEWER	Tammy Alleman
DATE	1/11/2024

This spreadsheet has been designed by Idaho Department of Water Resources to estimate the total seepage, evaporation and fill capacity required for a pond.

User Input
Calculated value
Formula Explanations

Surface Area (AC.)	0.2	"Surface Area" is automatically carried over from the "Seepage Loss" sheet.
Average Pond Depth (FT.)	8	"Average Pond Depth" depicts the actual depth of the pond either measured or estimated. Note: If you know the maximum depth and not the average depth, the Field Examiner's Handbook suggests multiplying the maximum depth by 0.4 to get the average depth, or you can use any method that seems reasonable to attain average depth.
Pond Capacity (AF)	1.6	Pond Capacity is calculated by multiplying the Pond Surface Area by the Average Pond Depth. If you know the capacity, divide the capacity by surface area and enter the average pond depth in the space above. Note: If pond capacity is determined using a method shown on the "Pond Capacity" sheet, the user may need to modify the value of "Pond Capacity" (cell B9) manually. Note that if the value is modified manually, the formula will be altered for future use.
Multiple Fill Volume Above Initial Fill to Fulfill From Storage Needs- "Multiple Fills" (AF)	0	The "Multiple Fill Volume Above Initial Fill" is the acre-feet of water required to meet a <i>from storage</i> component if the <i>from storage</i> component exceeds a one time fill. This section should not include the amount of water needed to fill the pond initially or the amount of water needed to maintain the pond level due to evaporation or seepage. For example: if a pond has a capacity of 5 acre feet and 2.5 acre feet of seepage and evaporation, but the pond is used for irrigation that requires 10 acre feet of from storage for the irrigation use, then you would insert 5 acre feet into this location (10 acre feet needed - 5 acre feet from the initial fill = 5 acre feet of additional storage needed). Note: You must have a "From Storage" component exceeding the initial fill on the permit to include a volume in this space.
Estimated Seepage Loss (AF)	1.5	The "Estimated Seepage Loss" is automatically carried over from the "Seepage Loss" sheet.
Estimated Evaporation Loss (AF)	0.2	The "Estimated Evaporation Loss" is automatically carried over from the "Evaporation Loss" sheet.
Total Volume Required (AF)	3.2	The "Total Volume Required" is calculated by adding the Pond Capacity, Multiple Fills, Seepage Loss, and Evaporation Loss amounts to determine the total amount of storage required.

- POND MAXIMUM DEPTH = 20 FT WITH AVERAGE DEPTH OF 8 FT.
- POND CAPACITY = 1.6 AF WITH A 10 FT EARTHEN DAM HEIGHT.
- SEEPAGE & EVAPORATION LOSS 1.7 AF
- TOTAL VOLUME SHOWN ABOVE DOESN'T SHOW ROUNDING VALUES WHICH EQUAL 3.3 AF TOTAL (NOT 3.2 AF)
- FIRE PROTECTION STORAGE, AESTHETIC STORAGE, & RECREATION STORAGE (FISH STOCKING) ANNUAL VOLUME = 3.3 AF FOR EACH BENEFICIAL USE.
- STOCKWATER STORAGE FOR UP TO 5 HEAD OF MIXED STOCK (HORSES) = 0.1 AF ANNUALLY.
- TOTAL DIVERSION VOLUME FOR STEP 6 OF APPLICATION = 3.3 AF + 0.1AF = 3.4 AF

RE: Application for Permit No. 97-9785

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the BONNER COUNTY DAILY BEE, PRIEST RIVER VERSION on 2/7/2024 and 2/14/2024. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Tammy Alleman
Water Resource Agent

Subject: IDWR 97-9785
Attachments: Copy - original app for permit - Jill Weimer shift from Claim form.pdf; 97-9785 - Amended application for permit.pdf; application-for-permit-instructions.pdf; 0. Application-Permit-License process notes.pdf

Mr. Jake Weimer,

Please respond to this email that you have received this correspondence (thank you!)

Thank you for speaking with me this morning regarding two applications for permit that were filed as you withdraw notice of claims and shift money to new applications.

This email accounts for originally filed Claim 97-9024, which once shifted to the application for permit shall assume water right No. **97-9785**.

I have enclosed a copy of the original application and withdrawal of claim form in addition to a PROPOSED DRAFT – Amendment to Application document.

Please review the copy of original but only return the signed amendment forms once you are satisfied with the documents. Please note that we can change this to meet your intent prior to submitting, I'm here to assist you and Jill.

Please review the amendment forms which include a pond analysis, new map, and form with highlighted areas that changed from your original version. The form is accurate for legal descriptions, and it looks like the POU description in step 9 Place of Use was transposed, but I've corrected that.

Once you are satisfied with the amendment document, please do the following to submit:

1. Print 4-page PDF and apply wet ink signatures to the form.
2. Enclose additional fees in the amount of \$48.00 payable to IDWR and return the packet to IDWR by mail to the address listed below C/O Luke Bates.
 - a. Review of the Withdrawal of Claim form (PG 4 of the Copy – Original filing) shows \$52.00 has been paid under receipt T113322. The application for permit base fee is \$100.00, resulting in the need for the added fees at time of submission. Please reference the instruction guide for fee scale based on Volume – 0.0 acre-feet up to 20.0 acre-feet = \$100.00 fee.

Please do let me know if you have any concerns or would like to make changes to this amended form.

Please do ensure the amendment with fees is submitted within 30 days, but no later than 31 January 2023. Failure to submit amendment may result in the original filing being returned to you as I'm unable to process the application as it has been submitted.

Thank you Sir,

Luke Bates
Sr. Water Resource Agent
