Re: Change in Ownership for Water Right No(s): 78-257A

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

How exactly does Mr. McLeod give the right to Mr. Thurman now? (He thought he gave it at the transfer of the property.)

Is there somewhere where I can read how I'm supposed to do this? I'm trying to help these gentlemen and the process doesn't seem clear.

Hi Jean,

Is a "Notice of Change in Water Right Ownership" the same as a "Quitclaim" form? If not, then I do not see the "Quitclaim" form. Would you please direct me.

On the "Notice of Change in Water Rights Ownership" form #5 asks for the date when "you" acquired the water rights or claims. Do you want the date Jim McLeod received it when he purchased the property? Or the date Ty Randall Thurman purchased the property from Jim McLeod?

RE: Notice of Change in Water Right Ownership 78-257A

Dear Mr. Thurman,

On April 27, 2023, the Department of Water Resources(Department) received your request to update the ownership of water right 78-257A. On May 12, 2023, the Department sent email requesting evidence of water right ownership. The Department received your warranty deed on June 5, 2023.

After the Department reviewed your warranty deed, it was determined you would need a post-decree conveyance of the water right from Jim N McLeod & Debbie McLeod to you. Because water right 78-257A was decreed in the name of Jim N McLeod & Debbie McLeod in 2007 and the land was conveyed to you in 1992, the decree separated the water right ownership from the land ownership.

If you would like to be added as the current owner of water right 78-257A, the Department will need a quitclaim deed from the McLeod's or their heirs conveying the water right to you.

You could also pursue what is called a quiet title action in District Court. Idaho Code § 42-248(8) states that water right ownership may be settled in a quiet title action pursuant to Idaho code § 6-401. You could file a quiet title action yourself or consult an attorney for advice and assistance.

Another option would be to just do nothing and leave the water right record as it is. An attorney could help advise you on which option may be best for you.

Please let the Department know what option you would like to pursue within 30 days. If the Department does not hear from you within 30 days, we will add you as an "interested party" in the Department's water rights database so you will receive notice of any actions concerning water right 78-257A or issues within administrative basin 78 (where the right is located).

Please contact me with any questions regarding this letter. Thank you.

Sincerely,

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

☒ Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question. The document must include a legal description of the property or description of the water right if no land was conveyed.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.
