Bob, Per our phone conversation this morning, the POU for this water right was not properly mapped during the adjudication process. 1. The current and traditional use occur in the N1/2 of the NWSE and the area on the map labeled "new POU". Per the application, 21 AF of the existing right should be transferred to the "new POU", which is part of the area where this water has been historically used. 2. The portion labeled "new POU" was transferred to Dane Hansen along with the associated Water Right. According to Phil, who met with both Dane and I on the date this application was submitted, this application is the first in a two step process necessary for the transfer of this right to Mr. Hansen. Upon approval of this application, I will submit the necessary application to transfer ownership to Mr. Hansen.

Thank you for your help in this matter.
Sincerely, Ray Hamell.

Dear Ramond R. Hammel,

The Department received the application for transfer you submitted for a portion of right #78-12240. I am currently reviewing the application for completeness before processing the application.

After reviewing your application for transfer, there are a few items in need of further information or clarification.

(1) In review of the historical aerial imagery, we are unable to find evidence of irrigation use within the place of use (POU) for right 78-12240. Has the right been used to irrigate the current POU within the last 5 years? Has water been diverted under this right at a different location, if so please describe where?

(2) On the transfer application the new POU is located in 1 acre of the NESE and 4.6 acres of the SESE of section 1. Idaho County tax parcel records list the parcel RP23N01W017600, appurtenant to the new POU as currently owned by Dane C. Hansen. If you are proposing a change the place of use on a water right and do not own the land at the proposed new place of use, then you must provide documentation that authorizes the change on behalf of the current owner of the proposed new place of use.

Feel free to reach out to me with any questions or concerns regarding the items requested.. It is important that you **respond to this request within 14 days** by email and/or phone. If we do not receive the requested information within that time your application will be returned to you for completion.

Thank you for your time and attention in this matter.

Regards,

Bob Howe
