RE: Application for Permit No. 96-15338

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the BONNER COUNTY DAILY BEE on 4/20/2023 and 4/27/2023. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Tammy Alleman
Administrative Assistant

Attachments: 0. Application-Permit-License process notes.pdf; 96-15338 - copy original filing - DO NOT PRINT OR RETURN TO OFFICE.pdf; 15. IDL encroachment permit.pdf; Amended - application map 96-15338.pdf; AMENDED Application For Permit 96-15338 .pdf

Thomas & Gail Harsh,
Good morning.

IDWR is in receipt of your application for water permit & have assigned it as WR No. 96-15338. Upon initial review I note a single discrepancy that requires correction prior to our office processing for advertising review.

I have attached a 2-page app-permit-license note document that provides a description of the entire process from start (applying) to licensing. Please do not send this back in with your amended application, it is informational only. I have attached a PDF that covers Idaho Dept of Lands encroachment permit – you **may** be required to work with IDL to secure this permit – I recommend waiting until you receive notification from IDL to pursue this action.

I recommend amending your application as follows:

- Review the 2-page amended application & amended app map for permit.
 - Please validate contact information in step No.1 is accurate.
 - You will note the new form is filled out and ready to print & sign with ink pen.
 - The only change is for Step No. 3 “SOURCE/TRIBUTARY”. Frye Creek is the local name for what the USGS considers Sagle Slough along the segment of water way your parcel is located in. As such, we need to amend your application to reflect Source = Sagle Slough tributary of Lake Pend Oreille.
 - I’ve attached an application map product that satisfies step 14 of the application for permit.

Following your review, let me know if you have any questions or concerns. Please **do not** return the PDF copy of your original filing, it is for reference only.

Once satisfied with corrections you do the following to re-submit:

1. Print 2pg AMENDED app for permit & map PDF.
2. Sign with ink pen on PG2.
3. If able, **please scan and email the corrected forms, as a PDF document**, to the email address listed below (not my personal email)

file@idwr.idaho.gov

As of the date of this email, **please respond within 14 Days, No Later Than 11 April 2023** and/or respond with explanation why more time is required to submit revisions. We can discuss by phone which changes to the application you would prefer to pursue. I appreciate your diligence in working on these corrections and am here to assist you with any questions.

Please do give me a call if you’ve any questions and we can discuss the “why” of the changes recommended. I recommend carbon copying me on the email you send to the state office file@idwr.idaho.gov

Thank you,
Luke Bates
