If your answer is no, describe in remarks below the authority you have to claim this water right.

11. Other Water Rights Used:

11-141, 11-8990

12. Remarks:

Priority Date Explanation:

This is the date licensed and water has continued to be used since. To the best of my knowledge when we use the well we do not exceed the 158 acres licensed. Some years we irrigate different portions of the land depending on the available water supply for our water rights. Claiming the place of use shape that encompasses the acres that have historically been irrigated, but overall I do not believe we irrigate beyond the 158 acres per year.

13. Basis of Claim: License
