RE: Change in Ownership Water Right No: 96-4267

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- The water right number was not listed on the Notice. It appears that the water right number associated with the property is 96-4267. Please confirm that this is the correct water right number for the ownership change.
- The warranty deed for the property was not supplied with the Notice. (The document you provided is being returned to you.) Because the Department cannot process the Notice without proper documentation, we will hold any action on your Notice pending receipt of the property deed. Please note, the Department will need the completed deed with the notary stamp and signatures, and property boundary description. If we do not receive the necessary documents within 30 days of the date of this letter, we will return your Notice and all attachments and your Notice will not be processed.

Also, please note that water right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to update ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 762-2807.

Sincerely,

Micki Bowman
Administrative Assistant 1
