RE: Permit No. 94-9620

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Good Afternoon David.

I called and left a message on your cell phone and office. The permit allows for the storage of 2090 af of water for wildlife storage. As outlined in the instructions, the fee required for the diversion of over 2000 af of water is \$600.00. A \$50.00 fee was submitted with the proof for permit 94-9620 on 4/25/24. I have attached a copy of the proof submitted as well as the instructions; page 3 outlines the fee structure. Please submit the remaining \$550.00 before the end of business day on **Wednesday, May 1**, to avoid your permit lapsing.

Feel free to reach out if you have any questions.
