RE: Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Claim #: 97-8924

Dear Claimant:

The Idaho Department of Water Resources has received the Notice of Claim to a Water Right form you submitted for CFPRBA Claim No. 97-8924. We are unable to recommend the full extent of this claim to the Court for the following reason.

The Notice of Claim to a Water Right identified with the number shown above was filed for the domestic use of groundwater (wells) with a claimed diversion rate of 0.04 cfs. I located a well driller's log for a well paid for by Francis Pedro in 2021, and this well driller's log recorded a diversion rate of 10 gallons per minute. The closest measurement we can recommend to 10 gpm without recording less than that would be 0.03 cfs (13.5 gpm). I am recommending this claim at 0.03 cfs.

If you believe this to be in error, please provide any additional pump tests or other documentation to corroborate your claim.

Do not hesitate to contact me if you have any questions. I can be reached by phone during business hours at 208-762-2800 or by email at greg.cooksey@idwr.idaho.gov.

Best Regards,

Greg Cooksey
