2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. 5. While a water right is in the bank, forfeiture provisions are stayed pursuant to Idaho Code § 42-223(5).
6. Rental of water under this right is subject to the limitations and conditions of approval of the water right.
7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.

## MEMORANDUM FOR WSB LEASE APPLICATION # 2939

To: Water Right No(s). 37-20900

From: Skyler Cheever, Water Resource Agent

Date: 5/10/2024

Re: Review & Analysis of Application to Lease Water to the State Water Supply Bank

---

### **PURPOSE/NARRATIVE:**

Application 2939 was sent by the Sun Valley Water & Sewer District and received by the Department on March 4<sup>th</sup>, 2024, with the correct fee payment received on the same date. The lease application is part of a lease/rental package with rental applications 2938, 2940, 2941, 2942, and 2943. The applicant proposes to lease the entirety of water right 37-20900 into the WSB from 2024-2028. The point of diversion is within the Snake River Basin and Big Wood River Moratorium, Big Wood River Groundwater Management Area, Galena Groundwater District, and Trust Water Area. Galena Groundwater District was notified of this lease application on May 10<sup>th</sup>, 2024. This application is a renewal of contract 1056 which expired on December 31<sup>st</sup>, 2022, but changes the lease proposal.

### **AUTHORITY TO FILE:**

Patrick McMahon signed the application. Mr. McMahon has the authority to file this agreement because he is the General Manager of the company according to their website. The Sun Valley Water & Sewer District is the current owner of water right 37-20900 according to Department records.

### **WATER RIGHT VALIDITY:**

Water right 37-20900 was decreed in 2010. The right has been leased into the WSB from 2012-December 31<sup>st</sup>, 2022. According to 2023 aerial imagery the place of use was irrigated. However, during the previous lease review the applicant indicated irrigation occurring at the place of use came from a municipal system. Diversion authorized under 37-20900 likely has not occurred since it was decreed. Any water right leased into or rented from the bank is likely within a valid defense to forfeiture according to Idaho Code §42-223(5). Therefore, enough evidence is available to the bank to conclude 37-20900 is likely not lost to forfeiture and can be leased into the WSB.

### **INJURY TO OTHER WATER RIGHTS:**

There are no injury concerns leasing 37-20900 into the WSB. Any injury concerns would be addressed in the review of the five rental applications package with this application.

### **ENLARGEMENT OF USE:**

Currently, according to the applicant, the place of use is irrigated using municipal water under 37-8834. However, prior to 2012 the municipal service area was not expanded to include the lease place of use, while 37-20900 was leased into the bank. The service area was expanded to include the lease POU with the licensing of 37-8834 in 2012, while 37-20900 was still leased into the bank. 37-20900 and 37-8834 did not authorize irrigation of the leased POU at the same time and would not be considered stacked according to Administrative Transfer Processing Memo #24. Therefore, Water right 37-20900 can continue to be leased into the bank without the need to lease 37-8834 to prevent enlargement. There are no other enlargement concerns.

**LOCAL PUBLIC INTEREST:**

Review staff has no information to suggest this application is inconsistent with the local public interest.

**BENEFICIAL USE/CONSERVATION OF WATER RESOURCES:**

The lease appears consistent with the conservation of water resources in Idaho.

**DEPARTMENT STAFF OR WATERMASTER COMMENTS:**

The point of diversion is within basin 37 and Water District 37. The Watermaster and Southern Regional Manager was contacted for comment on May 10<sup>th</sup>, 2024. No response was received, it is assumed there are no concerns with the applicant's proposal.
