Re: Change in Ownership for Water Right No(s): 65-22972 & 65-23643

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Please note that the ownership of water right 65-12124 was not updated. This is a domestic right, current owners William E & Marilyn R Shobel. The map in the backfile shows the place of use to be south of your property. The water right report, attached, lists the place of use as 11710 Hwy 52. I have enclosed a map showing your property, a map showing the place of use from the backfile and a water right report for 65-12424. A refund of \$25 has been requested and will be sent to Mark Murillo under separate cover from the Idaho State Controller's Office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

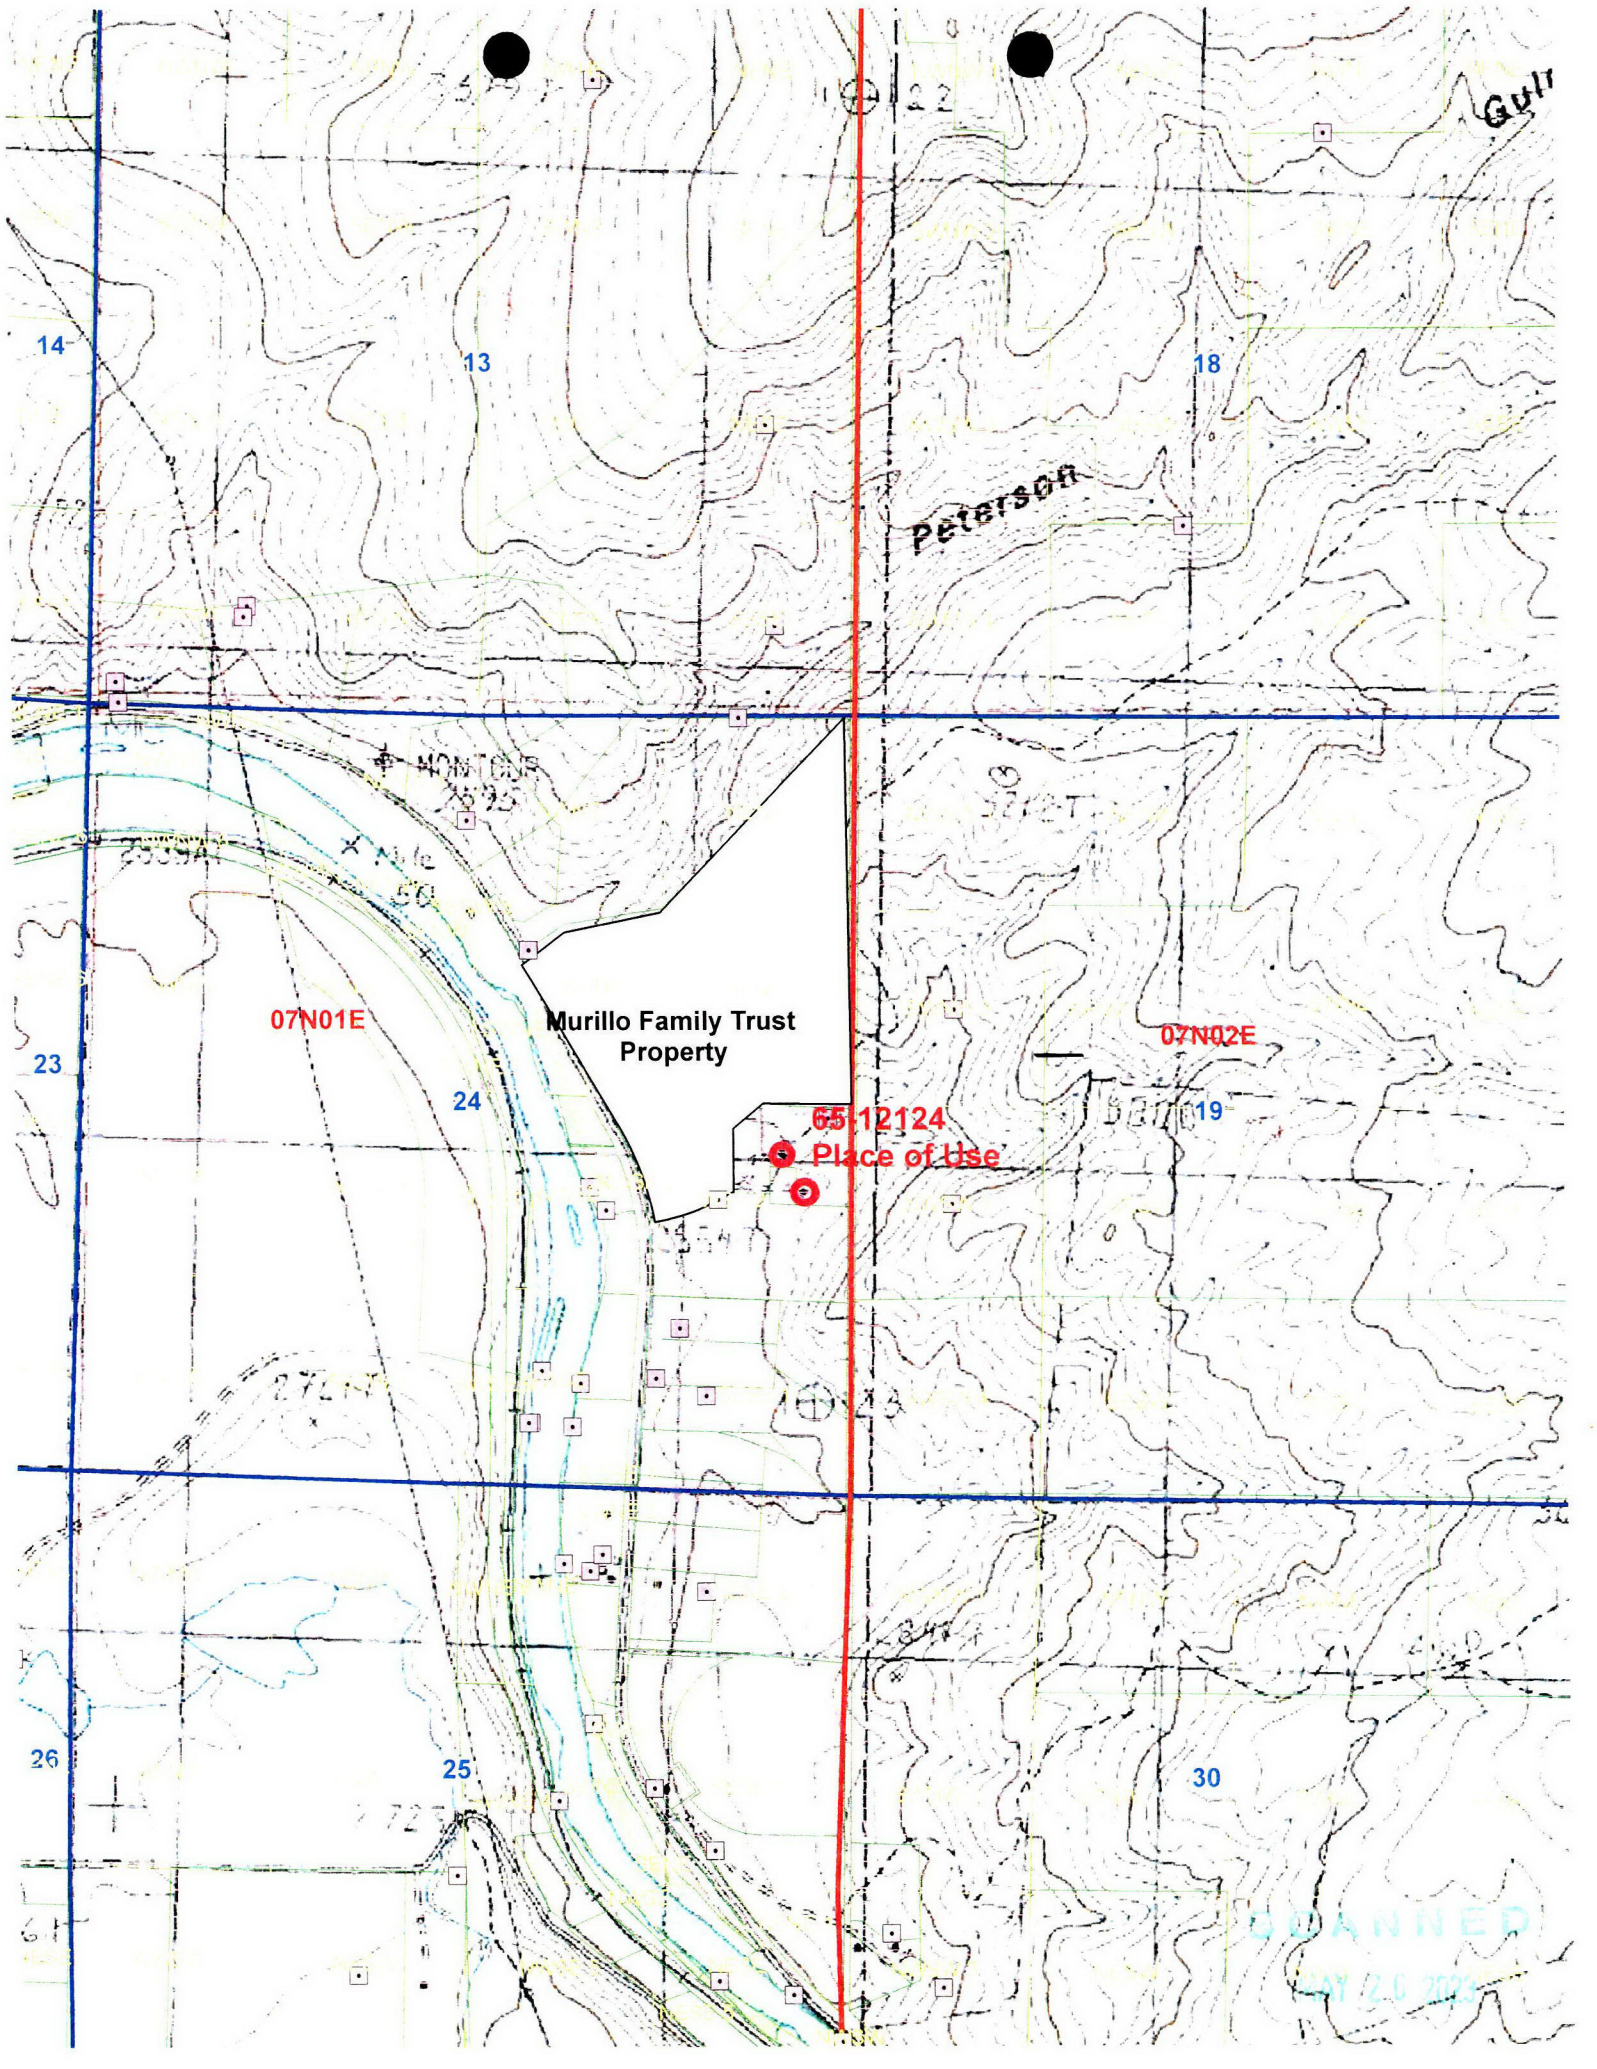

Sincerely,
