The accompanying order is a **Preliminary Order** issued by the Idaho Department of Water Resources (Department) pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and brief as further described below:**

Any party may file a petition for reconsideration of a preliminary order with the hearing officer within fourteen (14) days of the service date of the order as shown on the certificate of service. **Note: the petition must be received by the Department within this fourteen (14) day period.** The hearing officer will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding to the Director. Otherwise, this preliminary order will become a final order of the agency.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have fourteen (14) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Director. The Director retains the right to review the preliminary order on his own motion.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

2. Measurements: No measurement is required for an in-house exam, but Applications Processing memo #17 and a theoretical calculation were used to determine an acceptable rate.

E. FLOW CALCULATIONS _____Additional Computation Sheets Attached

We were not provided any pump information beyond the horsepower (2 HP) and gallons per minute (35 GPM).

Converting the gallons per minute the pump is capable of to cfs yields 0.09365 cfs, which is roughly equivalent to the permitted rate. ArcGIS imagery and measurement of irrigated areas, however, indicate an actual irrigated area of 1.5 acres. I am recommending a diversion rate of 0.05cfs for the irrigation of 1.5 acres within the bounds of the originally designated POU.

1.5 acres x 0.03 cfs = 0.05 cfs

Permitted Rate = 0.09cfs

Theoretical Rate = 0.09 cfs

B.U Limit = 0.05 cfs

Recommended Rate = 0.05 cfs

F. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$V_{I.R.}$ = (Acres Irrigated) x (Irrigation Requirement) = 1.5 X 3= 4.5 AF

V = [Diversion Rate (cfs)] x (Days in Irrigation season) x 1.9835 = 0.03 X 213 X1.9835 =12.67 AF

V = Smaller of $V_{I.R.}$ and $V_{D.R.}$ = 4.5 AF

H. NARRATIVE/REMARKS/COMMENTS

Permit 96-13299 qualifies for an in-office examination because the acreage irrigated is less than 5 acres, the diversion rate is less than 0.24 cfs, and there is no storage component. The information for the current permit holder matches the information on the statement of completion provided to the Department. No pictures of the irrigation system or diversion works were provided.

The permit holder described the delivery system as drawing water from Lake Pend Oreille with a 2 horsepower pump through a pipe that runs 150 feet off shore. The water then goes into an underground sprinkler system to water a lawn on the property. No sprinkler system diagram was provided, the irrigated area is smaller than the bounds of the parcels intersected by the place of use. ArcGIS measurements indicate 1.5 acres of irrigated area accounting for buildings, paved areas, and playgrounds, approximately 1.5 acres less than the permitted acreage. Other than the discrepancy in claimed and developed acreage, the permitted beneficial use has been sufficiently developed. I am recommending a licensed diversion rate of 0.05 cfs to irrigate 1.5 acres. No volume is being recommended since the source is from a lake and is not required.

Condition 029 applied to the original permit required the permit holder to install a fish screen on the intake of their irrigation system for the sake of wild life conservation. As the required fish screen has been installed, condition 029 has been removed from the License. Condition R66 is being carried over to licensing. Condition 004 is being removed since there are no concerns of property ownership or access.

Have conditions of permit approval been met? **X** Yes _____No

IMPORTANT: A response from you is required to maintain the active status of the referenced water right permit. If no response is received from you, the permit will lapse and your authorization to develop and/or use this water right will be cancelled.

Dear Permit Holder(s):

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before **June 01, 2024**. Please complete and return the enclosed Statement of Completion for Submitting Proof of Beneficial Use (proof) if you have completed the water project authorized by your permit. The proof statement must be accompanied by either the appropriate license examination fee or a field examination report prepared by a certified water right examiner.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been delayed by a government agency or by litigation that brings title to the water in question, an extension of time may be granted if appropriate documentation is provided at the time of filing. RE: Permit No. 96-13299

Permit Approval Notice

Dear Permit Holder(s):

The Department of Water Resources ("Department") has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review all the conditions of approval listed on your permit. The conditions include requirements that you must accomplish, such as timely submittal of proof of beneficial use or installation of a measuring device, as well as information about how your water use may be administered, such as regulation by a watermaster in a water district. Failure to comply with the conditions of approval may result in your permit lapsing or being canceled.

The permit is a PRELIMINARY ORDER issued pursuant to Rule 730 of the Department's Rules of Procedure (IDAPA 37.01.01.730). It can and will become a final order without further action by the Department unless a party petitions for reconsideration, files exceptions, or requests a hearing as described in the enclosed information sheet.

The final step in the water right process is issuance of a water right license. To receive a water right license, you must divert and use water to the full extent intended and submit a *Statement of Completion for Submitting Proof of Beneficial Use* by the date shown in condition no. 1 of your permit. The Department will send you a *Proof Due Notice* approximately 60 days prior to the date listed in condition no. 1 of your permit.

You may also require approvals from other Department programs, such as Ground Water Protection, Safety of Dams, or Stream Channel Protection, to accomplish your proposed development. Please call or visit any Department office or see the Department's website at idwr.idaho.gov for more information about these programs.

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

SCANNED
MAY 3 1 2023

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

> Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:
>
> (a) The petition for reconsideration is disposed of; or
> (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

i. A hearing was held,
ii. The final agency action was taken,
iii. The party seeking review of the order resides, or
iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Water Permit: 96-13299

Author: LBates JSB 5/24/23

Subject: WR overlap POU(s) evaluation

Applicant's current filing 96-13299 proposes a lake water irrigation system for 3.0 acres. Applicant is the current right holder for licensed WR 96-8774, which uses a groundwater irrigation system for the same POU. Due to these WRs being within an active adjudication basin (CFPRBA), I have not included condition X35 with overlap limitations when drafting this permit approval. 96-8774 requires a claim filed on the existing license to keep it current through the adjudication process.

Overlapping POUs between 96-8774 & 96-13299 shall be evaluated during licensing review post beneficial use field examination to determine the validity of the existing right's groundwater system coupled with overlap between the two systems.

Hi Shaun!

No, that's fine. It's what we've used for my 30 years here as GM (or CEO as some places require!).

Thank you for taking the time to add that copy to our application!

Ms. Derr:

Proof of authority to sign is required for Applications that are not in an individual's name (Trusts, Corporations, LLC, etc.) . I have added a copy of the most recent Idaho Secretary of State record for Pend Oreille Shores Resort Assn.,. showing you as General Manager, to the Application.

Please let me know if you want to provide some other form of proof of authority to sign.

Thanks,

Shaun Maxey
