4. RENTAL REQUESTS FOR SPECIFIC WATER RIGHTS

A. Are you requesting to rent specific water rights?

Yes No

If yes, specify below the elements of the water rights you are requesting to rent. If no, continue to Question 4B.

Important Information: Diversion rates and volumes sought for rent must be proportionate to the per acre diversion rates and per acre volume limits of the water right under lease contract to the Water Supply Bank. Prior to completing this section, applicants should review all water right lease contracts and any active rental agreements to determine which elements of a water right are available to satisfy a rental request. Lease and rental documents are searchable via [IDWR's website](#).

Water rights identified below must either already be leased to the Bank or a lease proposal should accompany this rental request. **Rental requests for water rights not yet leased to the Bank will be returned if companion lease applications are not provided with the rental request.** For leased rights featuring combined limits, rentals must be consistent with combined diversion rate, volume or acre limits. Combined limits should be listed on a row below water right numbers.

Water Right Elements Leased to Water Supply Bank					Leased totals, minus water right elements involved in active rental agreements, equals water right elements available for rent	Water Supply Bank Rental Request		
Water Right Number (leave blank if sub-total of combined limits)	Nature of Use	Diversion Rate (CFS)	Volume (AF)	Acres (AC)		Diversion Rate (CFS)	Volume (AF)	Acres (AC)

2-7071	Irrigation	0.80	180.5	40.1		0.80	180.5	40.1
Applicants must ensure the requested rate per acre and volume per acre do not exceed the rate per acre and volume per acre limits of water rights leased to the Water Supply Bank					TOTAL	1.09	255	55
						CFS	AF	AC

**Attach multiple copies of this page if space above is insufficient to list all water rights requested to be rented on this application.*

B. If water right conditions, combined limits, or the sum of all water right elements being requested provide an unconventional duty of water (e.g., an unusually low rate per acre or volume per acre for irrigation use), explain how your proposed rental will sufficiently accomplish your intended purposes. Attach a separate page if space is insufficient and label it **Attachment 4B**:

C. Does your rental request propose to change the nature of use for any water right(s) being rented? Yes No

If yes, explain how the water right(s) will be converted to new uses. Include the historic, consumptive use amounts for the water right being rented if you have it, as well as the new consumptive use amount for your proposed beneficial use. If space below is insufficient, attach a separate page and label it **Attachment 4C**:

5. ADDITIONAL INFORMATION

If no, list previous rental requests/agreements and explain why you have not secured a permanent water right for your needs:

Water has been rented from the Gingerich Bros. leased water rights since 2016. Options for permanent water rights are limited, but will be aggressively pursued if the applicants are given the option to purchase the property.

B. Have you or do you intend to submit an application for permit or transfer proposing a similar use as this rental? Yes No

If yes, describe:

Yes No

C. Was this rental application submitted in response to a Notice of Violation (NOV) or a pending NOV? Yes No

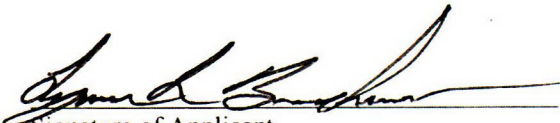

If yes, describe the date and location of the NOV.

D. Additional Information

Gingerich Bros. submitted lease re-newal applications for the above rights 11/26/2019 and included a signed authorization for Bachmans to rent the water. The authorization lists 70.7 acres for Bachman, however Bachman only needs to rent water for 55 of the 70.7 acres due farming modifications.

DECLARATION

I hereby assert that the information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval. I understand that the submission of a rental application provides no guarantee for approval of a rental agreement. IN CONSIDERATION OF the covenants and agreements herein mentioned to be kept and performed by the Lessee, the Owner hereby leases, lets and demises unto the said Lessee real property located in the County of Elmore, State of Idaho, referred to herein as the "Farm Ground" which is described in Exhibit A that is attached hereto and by this reference made a part hereof and that is depicted on Exhibit B that is attached hereto and by this reference made a part hereof as Pivots Numbers 1, 2 and 3, and Field Number 1, and the "Pasture Land" that is described in Exhibit C that is attached hereby and by this reference made a part hereof, and both the Farm Ground and Pasture Land of which are sometimes collectively referred to as the "Leased Premises".

TO HAVE AND TO HOLD the same unto the said Lessee subject to the terms and conditions herein provided.

1. TERM. The term of this lease for the Leased Premises shall commence on the date hereof and shall end on December 31, 2027, or for the Farm Ground the date harvest is completed by Lessee and its crops removed for the 2027 farming season, if Lessee's crops are not removed prior to December 31, 2027.

2. RENT. (a) Farm Ground. The Lessee shall pay to the Owner as annual rent for the

Farm Ground the sum of Seventy Thousand Dollars, payable in the amount of Thirty-five Thousand Dollars on or before the 15th day of April of each year of the lease term and Thirty-five Thousand Dollars on or before the 15th day of December of that same year.

(b) Pasture Land. The Lessee shall pay to the Owner as annual rent for the Pasture Land the sum of Thirty Thousand Dollars, payable in the amount of Fifteen Thousand Dollars on or before the 15th day of April of each year of the lease term and Fifteen Thousand Dollars on or before the 15th day of December of that same year.

3. MAINTENANCE OF IRRIGATION EQUIPMENT. The Owner shall maintain all irrigation equipment at his own expense, provided however, that Lessee shall repair or replace all irrigation equipment damaged or lost by it, its employees or agents. If any necessary repairs or replacements to any irrigation equipment are not made by the Owner within 24 hours after the need for such repairs or replacements become known to him, then in that event, the Lessee shall have the right to make the necessary repairs or replacements, and the cost and expense thereof shall be borne by the Owner and the Owner shall immediately reimburse the Lessee for any expenses paid by the Lessee in making any such repairs or replacements. Any repairs or replacements to irrigation equipment necessitated by the negligent acts of the Lessee, its agents, servants or employees shall be made promptly by the Lessee at its own expense. In the event that the Lessee shall make any payments, perform any acts, or cause any acts to be performed for or on behalf of the Owner that the Owner should have performed pursuant to this lease, then the Lessee may deduct the cost thereof or the reasonable value thereof together with interest from the date paid at the rate of seven percent (7%) per annum from rent when next due. Lessee shall notify Owner of this option when taken and shall give a full accounting of all amounts paid or of

the reasonable value of the acts so paid or performed. Lessee shall make no repairs or replacements of a non-emergency nature on Owner's behalf without the prior written approval of Owner, which approval shall not be unreasonably withheld.

4. ELECTRICAL POWER COSTS. The Owner shall pay all costs of electrical power for the irrigation pump and system that supplies irrigation water to the Leased Premises and shall hold Lessee harmless therefrom.

5. LABOR AND EQUIPMENT. Lessee shall furnish at its own expense all labor, machinery, equipment and implements necessary to till, farm and cultivate the Farm Ground in a good and farmer-like manner and according to the usual course of husbandry. The Owner shall furnish at his own expense all labor and equipment necessary to adequately irrigate the Pasture Land.

6. CROPS AND SEED. All seeds for sowing and planting crops on the Farm Ground shall be furnished at the sole expense of Lessee. Unless specifically stated herein, all costs stemming from the production and harvest of said crops are the responsibility of Lessee.

7. GRAZING OF LIVESTOCK. Lessee shall be allowed to harvest growing crops and any crop aftermath by the grazing of its livestock on the Farm Ground. Crop aftermath shall include anything in the field at the end of the growing season, including but not limited to corn stalks, alfalfa stubble, bean chaff and wheat regrowth. The Lessee shall be allowed to graze and pasture livestock on the Pasture Land.

8. REAL PROPERTY TAXES. The Owner shall pay all ad valorem taxes levied and assessed against the Leased Premises and property during the term of this lease.

9. RETURN OF PROPERTY. At the termination of this Lease as provided above, or earlier in the event of default, Lessee agrees to peacefully surrender all of the real and personal property

subject to this Lease in as good a condition as when accepted by Lessee, normal wear and tear from the ordinary use thereof excepted. Further, Lessee at the termination of the Lease will have all of its property removed from the Leased Premises.

10. INSURANCE. Lessee shall provide liability insurance in the amount of _____ with Owner as an additional named insured to protect Owner from any claim of liability for injury or loss arising out of Lessee's farming, grazing and pasturing of the property, use of the equipment, or any act related to Lessee's farming, grazing or pasturing operations. Lessee shall be responsible for insuring its own property used on the Leased Premises or in its farming, grazing and pasturing operations.

11. PROPER FARMING PRACTICES. Lessee shall apply accepted farming practices and care of the Leased Premises. Lessee shall apply chemicals and fertilizers according to the existing labels, laws and regulations, and in a manner so as not to cause harm to the land, water or adjoining lands. Lessee will not store on the property any hazardous substances as so defined by Federal, State, or local laws and regulations. Lessee shall use all products on the farm in a manner in compliance with all local, State and Federal laws and regulations. Lessee will use the property for farming and the pasturing and grazing of livestock only and for no other purpose.

12. TITLE TO CROPS. Title to all crops shall be in and remain in the name of the Lessee. So long as the Lessee is not in default in the lease payments provided for in this lease, the Owner shall have no interest in the crops grown on the leased premises and shall place no liens of any kind on said crops.

13. PUMP STATION. It is understood by the parties that there is a pump station located in U.S. Government Lot 1, Section 33, Township 5 South, Range 6 East, Boise Meridian that provides irrigation water from the Snake River to the Leased Premises. The Owner shall pay

sixty-six percent (66%) of all electrical power costs to run the pump station and shall pay sixty-six percent (66%) of the replacement, repair and maintenance costs of the pump station.

14. NO PARTNERSHIP CREATED. This Lease shall not be construed as creating the relationship of partners, joint venturers, principal and agent, or any other form of joint enterprise between the Owner and Lessee. Neither party shall be liable for any debts or obligations incurred by the other, nor shall either party have authority to bind the other in any contract with third parties.

15. NO ASSIGNMENT OR SUBLEASE WITHOUT PRIOR WRITTEN APPROVAL. The Lessee shall not assign this lease nor sublease any part of the Leased Premises without first obtaining the prior written consent of the Owner, which consent shall not be unreasonably withheld.

16. DEFAULT OR BREACH. Each of the following events shall constitute a default or breach of the Lease by Lessee:

(a) If Lessee shall file a petition in bankruptcy court for insolvency or for reorganization under any bankruptcy act, or shall voluntarily take advantage of any such act or shall make an assignment for the benefit of creditors;

(b) If an involuntary proceeding under any bankruptcy law or insolvency act shall be instituted against Lessee, if a receiver or trustee shall be appointed for all or part of the property of Lessee, and such proceeding shall not be dismissed or the receivership or trusteeship shall not be vacated within ten (10) days after the institution of any such appointment;

(c) If Lessee fails to pay the lease payments to Owner as provided herein;

(d) If Lessee shall fail to perform or comply with any of the conditions and terms of this Lease;

(e) If Lessee shall vacate or abandon the Leased Premises;

(f) If Lessee fails to take possession of the Leased Premises at the time set forth herein or within ten (10) days after notice the Leased Premises is available for occupancy; and

(g) If Lessee fails to comply with any law, ordinance, regulation or restrictions applicable to use of the land and farming and pasturing and grazing livestock on the property that is subject to this Lease, after notice as provided below.

17. REMEDIES FOR DEFAULT. If default be made in the performance of any of the terms and conditions hereof to be kept and performed by the Lessee, the Owner or his assigns shall first give the Lessee thirty (30) days' notice in writing specifying wherein the Lessee has failed to comply with the terms hereof and which said notice shall be delivered to the Lessee personally or may be sent to the Lessee by registered or certified mail, addressed to the Lessee at the address provided herein. If sent by mail, said notice shall be deemed served upon the Lessee upon the date it is deposited in the United States mail with postage prepaid, certified or registered and addressed as above mentioned. If Lessee fails to correct such default within said thirty-day period, then the Owner or his assigns may without further notice declare this Lease terminated and re-enter and retake possession of the Leased Premises, with or without process of law, and may remove the Lessee or any other persons occupying said premises, and Lessee agrees that in case of such default it will immediately deliver up peaceable possession of the Leased Premises to the Owner or his assigns upon demand. If the Owner retakes possession of the Leased Premises for default of the Lessee in complying with the terms hereof after notice as mentioned above, then the Owner may do or perform all things agreed to be done by the Lessee, remaining undone, and the Owner may retain or sell sufficient of the crops produced upon the Leased Premises that would have otherwise belonged to the Lessee if it had performed the conditions

hereof, to pay for all costs and expenses of every kind incurred by the Owner in performing the things left undone by the Lessee, and the residue remaining, if any, of such crops necessary to provide Lessee with its proportionate share of the crops shall belong to the Lessee after all conditions are fulfilled. The remedies herein mentioned shall be construed as cumulative and not as alternative or exclusive.

18. ATTORNEY'S EMPLOYMENT. The parties acknowledge that this agreement was prepared by the attorney for the Lessee. The Owner is advised to seek the advice of independent counsel if he so desires.

19. ATTORNEY'S FEES. In the event it becomes necessary for either of the parties hereto to place this Lease in the hands of an attorney for enforcement of their rights hereunder after default of the other Party, or to institute suit for enforcement of their rights hereunder after such default, then the defaulting Party agrees, in either case, to pay a reasonable attorney's fee, including paralegal fees, incurred by the other party, in addition to other damages allowed by law. The defaulting party further agrees to pay to the non-defaulting party any fees incurred by the non-defaulting party to send notice of default to the defaulting party in the sum of _____ . The payment of such cost shall be made before the notice of default is cured.

20. GOVERNING LAW. This Lease shall be governed by the laws of the State of Idaho regardless of the forum or venue of any dispute hereunder.

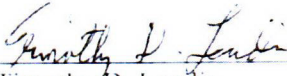

21. PARAGRAPH HEADINGS. Paragraph headings in this Lease are for the convenience of the parties only, and are not to be construed as a part of this Lease or in any way limiting or amplifying the provisions thereof.

22. COVENANT. The Owner hereby covenants that the Lessee performing the terms and conditions hereof shall peacefully and quietly have, hold and enjoy the said Leased Premises and

property during the term hereof.

23. HEIRS, SUCCESSORS AND ASSIGNS. The terms and conditions of the Lease shall extend to and be binding upon the heirs, administrators, successors, executors and assigns of the respective parties hereto.

IN WITNESS WHEREOF, said parties have hereunto set their hands the day and year in this agreement first above written.

LEASE PROVISIONS

1. Use of Premise.

- A. **Farming Use.** The Lessee is authorized to use the number of acres identified on this lease as cropland. The location and management of said acres shall be designated in this written Lease. Said use shall be in accordance with this Lease, the Lessee's approved Summary of Lease Provisions, Lease Provisions, and all Attachments, including any Special Terms and Conditions attached hereto. No use of the leased land for cropping purposes shall occur prior to the final approval of the written Lease by Lessor. Lessee shall pay to Lessor an additional rental for the identified acres of cropland whether cultivated or not in an amount determined by Lessor pursuant to Lessor's current cropland rental policy, along with the annual base rental payment as set forth in *Section 2. Rental Rate and Modification of Rent* of these Lease Provisions.
- B. **Grazing Use.** The Lessee is authorized to use the number of acres identified on this lease for grazing domestic livestock at the identified rate. The location and management of grazing livestock shall be designated in this written Lease. Said use shall be in accordance with this Lease, the Lessee's approved Summary of Lease Provisions, Lease Provisions, and all Attachments, including any Special Terms and Conditions attached hereto. No use of the leased land for grazing purposes shall occur prior to the final approval of the written Lease by Lessor.

2. Rental Rate and Modification of Rent.

- A. **Annual Rent Payment.** Lessee agrees to pay to Lessor, in lawful money of the United States, each year's rent for every acre and/or AUM covered by this Lease, in an amount to be calculated pursuant to Lessor's most current formulas for each applicable use at the time the rental is calculated or recalculated. The rent shall be payable on or before the annual rental payment due date of each successive year. Lessee shall pay the annual rental to Lessor without abatement, offset, or deduction of any kind, unless otherwise authorized by the Lessor through a completed Lease Adjustment form provided by the Lessor. Lessor reserves the right to increase or decrease the annual rent. Lessee will be notified one hundred eighty (180) calendar days in advance of the due date of any increase in rental.
- B. **Late Payment Charge.** In the event any rent due hereunder is not paid in full when due, Lessee shall pay, in addition to such rent, a late charge in the first calendar month of such delinquency the amount of Twenty-five Dollars (\$25.00) or one percent (1%) of the unpaid rent, whichever is greater. For each subsequent calendar month of such delinquency, Lessee shall pay an additional late charge equal to one percent (1%) of the then unpaid delinquency. The parties acknowledge and agree that the late charge described herein is a reasonable attempt to estimate and to compensate Lessor for higher administration costs associated with administering such late payments and is not intended as a penalty. By assessing this late charge, Lessor does not waive any right to declare a breach and to pursue any right or remedy available to Lessor by reason of such breach, after expiration of any applicable notice or cure period.
- C. **Lien.** The amount of the rent, late charge, and interest shall constitute a lien in favor of the State of Idaho against all of Lessee's improvements and other property on the Leased Premises, including, but not limited to, crops and livestock.

3. Lease Provisions and Special Terms and Conditions.

- A. **Lease Provisions and Special Terms and Conditions.** Prior to issuance of this Lease, Lessee and Lessor must agree to written Lease Provisions and any Special Terms and Conditions. The content of the Lease Provisions and any Special Terms and Conditions shall address all activities that may take place under this Lease and include, but not be limited to, farming, the construction of improvements, the vegetation, noxious weed control and other factors identified by Lessor as necessary for inclusion in the Lease Provisions and any Special Terms and Conditions based on the specific characteristics of the Leased Premises and/or of Lessee's use of the Leased Premises.
- B. **Modification of Lease Provisions and Special Terms and Conditions.** Lessor may review and modify any Lease Provisions or any Special Terms and Conditions upon changes in conditions, laws, or regulations,

provided that Lessor shall give Lessee thirty (30) calendar days notice of any such modifications prior to the effective date thereof. Prior to Lessee instituting any changes, Lessee must submit, in writing, the proposed changes to Lessor for approval. No changes shall occur prior to Lessor's written approval of the amended Lease Provisions and any Special Terms and Conditions. Modifications mutually agreeable to both Lessor and Lessee may be made at any time.

- C. **Compliance Required.** Lessee shall abide by all Lease Provisions and any Special Terms and Conditions. If Lessee fails to abide by all Lease Provisions and any Special Terms and Conditions, Lessee will be deemed in breach of this Lease and the Lease will be subject to cancellation in accordance with *Section 17. Lessee's Default*, of these Lease Provisions.
- D. **Reimbursement for Non-Standard Administrative Costs.** The Lessee shall reimburse the Lessor for administrative costs incurred to address issues of compliance. Lessor's request for payment to Lessee will include a detailed description of the work completed and actual expense incurred.
- E. **See Attachment A of this Lease for any Special Terms and Conditions in effect as of the date of execution of this Lease.**

4. Subleasing or Assignment.

- A. **Written Approval Required.** Lessee shall not sublease or authorize another person to use any part of Lessee's interest under this Lease, or assign this Lease, without the prior written consent of Lessor to be evidenced by Lessor's execution of consent forms provided by Lessor for that purpose. Any request for approval of a sublease or assignment must be in writing, complying with the statutes or rules governing subleasing, and accompanied by a copy of the proposed sublease agreement and the appropriate processing fee. Lessor may withhold consent for any reason. Any attempt by Lessee to sublease Lessee's interest in the Leased Premises or any part of the Leased Premises or to assign this Lease, shall be void unless Lessor has given such prior written consent. No request for Lessor's approval of any assignment or sublease will be considered unless all rent due has been paid in full, and Lessee is in good standing under the terms of the Lease. No sublease will act as a release of Lessee's obligations hereunder unless Lessor executes a separate written release of Lessee. Lessor has no obligation to so release Lessee, and Lessor can withhold such release at Lessor's sole discretion. Any sublease or assignment will be subject to, but not limited to, the existing Lease Provisions and any Special Terms and Conditions. The sublease cannot go beyond the Lease expiration date.
- B. **Additional Rental Due.** In the event the Leased Premises is subleased in accordance with all terms and conditions of *Section 4. Subleasing or Assignment* of these Lease Provisions, for an amount greater than the base rental, Lessee shall in addition to Lessee's annual base rental pay to Lessor an amount equal to one-half (1/2) the difference between Lessee's base rental rate herein established, and the rental rate paid by Sublessee.
- C. **Improvements.** Upon approved sublease or assignment, ownership of any existing Lessee-owned improvements under this Lease must be separately negotiated between Lessee and such Sublessee or Assignee.
- D. **Copies to be Filed.** Copies of all assignments, subleases, pasturage or any other agreement of any kind or nature involving the use of the Leased Premises by another person shall be timely filed with Lessor.

5. Leasehold Mortgage.

Lessee shall not mortgage, pledge or otherwise dispose of Lessee's interest in the Lease, or any portion thereof, without prior written consent of Lessor. Lessee shall use mortgage or deed of trust forms provided by Lessor, and shall submit completed forms and appropriate fee to Lessor for review and approval. The term of a mortgage agreement shall not exceed the Lease term. Lessor may accept or reject a leasehold mortgage at its discretion.

6. Environmental, Safety and Sanitary Requirements.

- A. **No Hazardous Materials.** Lessee shall neither commit nor permit the use, placement, transport or disposal of any hazardous waste, including, but not limited to, petroleum products, such as oil, gasoline, or any other substance that is or is suspected to be a hazardous substance or material on the Leased Premises except the customary use associated with weed and pest control, machinery, equipment and vehicles. Lessee shall be responsible, and shall pay all costs for the removal or other appropriate remedial action regarding any hazardous waste, substances, or materials which Lessee may have caused to be introduced on the Leased Premises. Any such remediation or removal or storage must be conducted in accordance with applicable federal, state, or local law, regulation, rule or ordinance and Lessee shall immediately, upon the introduction of any hazardous waste, substances or materials onto the Leased Premises, contact the Idaho Department of Environmental Quality (DEQ) and enter into a consent order for remediation with DEQ, provided however, Lessee shall not forestall commencing any necessary remediation while negotiating the terms of any consent order with DEQ, unless Lessee is so authorized in writing by Lessor. In event of introduction of any hazardous waste, substances or materials, Lessor may also require Lessee to enter into consent orders or other agreements with any other relevant agency. Lessee shall indemnify, defend and hold Lessor harmless from all costs, expenses, damages or fines relating to pollution and hazardous materials including, without limiting the generality of the foregoing, attorney fees and costs of defense or of enforcement of Lessor's rights hereunder. The amount of any costs incurred by Lessor due to Lessee's violation of this provision shall constitute a lien in favor of the State of Idaho against all of the Lessee's improvements and other property on the Leased Premises including, but not limited to, crops.
- B. **Fire and Safety Regulations.** Lessee shall comply with all applicable federal, state and local laws, rules, regulations and ordinances for fire protection and prevention. Lessee agrees to keep the Leased Premises free from fire hazards as determined by Lessor. Lessee is prohibited from burning garbage or household trash and any burning on the land, including the burning of wood, weeds or other debris, but excepting campfires necessary for the use under this Lease, requires the prior written permission of Lessor. Any burning must comply with applicable federal, state or local law, regulation, rule or ordinance.
- C. **Sanitary Requirements.** Concerning activities authorized under this Lease, Lessee shall at all times keep the Leased Premises in a clean and sanitary condition, free of trash, garbage and litter so the Leased Premises is maintained in the same or better condition as when this Lease was issued. Lessee shall not dispose of sewage except in conformity with applicable federal, state, and local law, rules and regulations pertinent to Lessee's use and shall dispose of sewage on the Leased Premises only if specifically authorized by Lessor. The Lessee shall not store trash on the Leased Premises nor transport trash, garbage, litter or debris onto the Leased Premises. Lessee shall dispose of all trash, garbage and carcasses in conformity with all legal requirements. Lessee is responsible for all costs associated with sewage, garbage and litter disposal.

7. No Warranty of Suitability - Quiet Enjoyment - Public Use.

- A. **No Warranty.** Lessee acknowledges that neither Lessor nor any agent of Lessor has made any representation or warranty with respect to the Leased Premises or concerning the suitability of the Leased Premises for the uses intended by Lessee. Lessee acknowledges that it has accepted the Leased Premises in an AS IS CONDITION, accepting any and all known or unknown faults therein.
- B. **Quiet Enjoyment.** Lessor agrees that Lessee, upon payment of the rent and performing the terms of this Lease, may quietly have, hold and enjoy the Leased Premises, for the purposes and uses allowed hereunder, during the term hereof. Lessee acknowledges that the Lease is non-exclusive, and Lessor retains the right to use of the Leased Premises, or to grant rights to others for use of the Leased Premises, to the extent any such use does not materially interfere with Lessee's purpose and uses allowed hereunder, unless otherwise provided for in this Lease.
- C. **Public Use.** Lessee must allow the general public the right to use the Leased Premises for any lawful use available to the public for lands owned by the State of Idaho. However, nothing in this Lease authorizes or purports to authorize trespass on private lands to reach state-owned lands, including the Leased Premises. Public use of State lands shall not be restricted without prior written approval of Lessor. This Lease is not an exclusive control lease as described under Idaho Code § 36-1603(b).

8. Water Right and Water Use.

- A. **Water Use on the Leased Premises.** Lessee shall be entitled to use the water on the Leased Premises, if any, during the term of this Lease, but only for the use allowed in this Lease and only in conformance with Idaho water law.
- B. **Future Water Rights and Water Use Generally.** The establishment of any new water rights during the term of this Lease shall be by and for Lessor and no claim thereto shall be made by Lessee. Such water rights shall attach to and become appurtenant to the Leased Premises, and the Lessor shall be the owner thereof. The use of any water rights by the Lessee shall be in conformance with Idaho water law. Lessee must receive the prior written consent of Lessor or its authorized agent, and the prior written consent of any department or agency of the State of Idaho having jurisdiction to regulate water rights or water use in and for the State of Idaho for any of the following:
 - i. To drill and use a water well,
 - ii. To develop and use any source of water,
 - iii. To cause any water to be conveyed off the Leased Premises,
 - iv. To bring water onto the Leased Premises.
- C. **Water Systems.** If water is supplied to the Leased Premise by a water system operated by the State of Idaho, the use of such system and the supply of water provided thereby may be curtailed or terminated upon thirty (30) calendar days written notice of Lessee from Lessor or its authorized agent. Neither Lessor nor its agents and employees nor any entity of the State of Idaho shall be liable in any manner for damage or inconvenience to the Lessee by reason of failure or, damage to, or termination or curtailment of the operation of any water system or source supplying water to the Leased Premises.
- D. **Improvements in Aid of Water Use.** Improvements (pre-existing or future) made in aid of any and all water use on, or diversion from, the Leased Premises are subject to the permit requirements of this Lease.
- E. **No Right of Access to Water Rights Upon Expiration or Termination of Lease.** Upon Expiration or Termination of this Lease, the Lessee shall have no right to access any point of diversion or any place of use of any water right on the Leased Premises without the prior written consent of the Lessor.

9. Noxious Weeds.

- A. The Lessee shall cooperate with Lessor or any other agency authorized to undertake programs for control or eradication of noxious weeds. Lessee shall take measures to control noxious weeds on the Leased Premises in accordance with Title 22, Chapter 24, Idaho Code, except those resulting from activities beyond the Lessee's control. Costs for control of noxious weeds on the Leased Premises shall be the responsibility of the Lessee, unless otherwise provided for in the Special Terms and Conditions included in Attachment A.
- B. The Lessee shall ensure that prior to moving onto the Leased Premises that all equipment is free of noxious weeds and their seeds as defined by the Idaho Department of Agriculture and local Coordinated Weed Management Area. Cleaning of contaminated equipment and vehicles shall not take place on any state endowment land, including the Leased Premises.
- C. All straw and forage used for livestock feed, with the exception of that grown on the Leased Premises or on Lessee's immediately adjacent land, must be certified in accordance with the Idaho Department of Agriculture Forage and Straw Certification Rules (IDAPA 02.06.31) and must be certified as Idaho State Noxious Weed Free.

10. Construction of Improvements.

- A. **Permit Required.** Lessee shall not construct or reconstruct, initiate or place improvements or structures of any character (herein referred to as "improvements") on or to the Leased Premises without the prior expressed, and written permission of Lessor. Said permission shall be in the form of a permit issued by Lessor, and shall be required for any improvement or structure on the Leased Premises including, but not limited to, range improvements, buildings or other structures, water developments, fences, vegetation

treatment, or the clearing of land. Lessee shall submit project plans to the Lessor. If the project plans are approved and permitted in writing by Lessor, then Lessee shall construct and implement the improvements in full compliance with the approved plans, the permit and all applicable building codes, rules and laws. Permitted improvements shall be the property of Lessee, unless otherwise provided in the permit or this Lease. Failure to obtain a written permit prior to construction and implementation of any improvement will be considered a trespass violation and may result in cancellation of the Lease or cause the Lessor to initiate proceedings to recover damages as provided for in IDAPA 20.03.14. Any improvement associated with the uses authorized in this Lease and placed on endowment land prior to January 1, 1970 is considered grandfathered and properly authorized even though there may be no documentation of authorization.

- B. **Condition of Improvements.** At all times during the term of this Lease, Lessee shall keep all improvements in good repair and functional condition to the satisfaction of Lessor. Any and all fences shall be neat, stock-proof, lawful fences and gates.
- C. **Maintenance of Improvements.** Lessee may be required to remove or reconstruct improvements in poor or non-servicable condition. Existing maintenance agreements on lands acquired from the federal government shall remain in effect until amended by the parties involved. If maintenance is not being accomplished, Lessor shall provide a letter to Lessee informing Lessee of the violation of the Lease. If work is not begun within thirty (30) calendar days and completed in a timeframe specified by the Lessor, Lessor may contract repairs and bill Lessee for actual costs incurred.
- D. **Removing Improvements.** Lessee shall not remove, relocate or otherwise alter any improvements without prior written permission from Lessor.
- E. **Cost of Improvements.** Any permitted improvement constructed by or at the request of Lessee, shall be constructed at Lessee's own expense, unless Lessor and Lessee shall have entered into a prior written cost sharing agreement for construction of such improvement.
- F. **Permitted Improvements At Lease Expiration/Termination.** Upon expiration or termination of this Lease for any reason, other than a default by Lessee, and in the event Lessor leases the Leased Premises to a new lessee, Lessor shall require the new lessee to pay Lessee the then existing value of the permitted improvements in accordance with the then existing statutes and rules. Said value shall be determined through a valuation conducted by Lessor or by Lessee's documented cost of construction if the improvement was authorized after July 1, 2009. Improvement payments shall be first applied towards any rent or other monies due to Lessor before being disbursed to Lessee. Lessor does not hereby agree or become obligated to pay any such value to Lessee, such obligation shall be solely on the subsequent lessee, if any. Any improvement which Lessee is entitled or required to remove upon expiration of the Lease must be removed within six (6) months of the expiration of the Lease, otherwise it is deemed abandoned and title to such abandoned improvement shall vest in the State of Idaho. Provided, however, Lessor may authorize, in writing, prior to the expiration of the six (6) month time period, additional time for removal of improvement(s) by Lessee. Failure of Lessee to remove any such improvement within the extended time period established by Lessor shall constitute an abandonment of Lessee's rights to such improvement.
- G. **Improvements Not Approved.** At any time during the term of the Lease, or upon expiration or termination of this Lease for any reason, Lessor may require, at Lessor's sole discretion, that Lessee remove any improvement placed on the Leased Premises without a prior permit from Lessor. The full cost of such removal, including the restoration of the Leased Premises, shall be solely Lessee's. In the event Lessor does not elect to require such removal, Lessee's failure to secure such permit shall constitute forfeiture. Title to any improvement placed on the Leased Premises without a permit from Lessor shall, at Lessor's option, immediately vest in Lessor without waiver of Lessor's right to require removal of the same by Lessee.
- H. **Lessor's Removal of Improvement.** Lessor may, at its discretion, remove or have removed the abandoned or non-permitted improvement and Lessee shall be responsible for the full cost of removal and restoration of the Leased Premises. Nothing in this section of the Lease shall relieve Lessee from the obligation to remove any improvement as required by Lessor under other terms within this Lease or the permit authorizing the improvement.

11. No Liens.

Lessee will not permit or suffer any liens of any kind or nature to be effected on or enforced against the Leased Premises, including, but not limited to, any mechanics' liens or material suppliers' liens for any work done or materials furnished on the Leased Premises at Lessee's instance or request. Lessee shall ensure that full payment is made for any and all materials joined or affixed to the Leased Premises pursuant to this Lease and for any and all persons who perform labor on the land.

12. Sale, Exchange or Change in Use of Leased Premises.

- A. **Sale.** Lessor may sell all or any portion of the Leased Premises during the term of this Lease. Lessor will notify Lessee that the Leased Premises are being considered for sale at the time the proposed sale is scheduled for submission to the Land Board for approval. Lessee will be notified of a scheduled sale at least thirty (30) calendar days prior to sale date. Lessee shall deliver immediate possession of the land sold unto Lessor, or to the person or party as may be specified in writing by Lessor or Lessor's designee, unless the land remains subject to the Lease, or unless Lessee is to be permitted to harvest a growing crop before surrendering possession. When creditable improvements are present, and Lessee delivers possession of the land, Lessor shall value them in accordance with Idaho Code § 58-313, or the then existing applicable statute or rule, and Lessee shall be paid for the improvements by the purchaser on the day of sale. Lessee shall have the rights provided by *Section 10. Construction of Improvements, F. Permitted Improvements At Lease Expiration/Termination* of these Lease Provisions, and the then existing statutes or rules with respect to compensation for permitted improvements placed upon the Leased Premises by Lessee.
- B. **Consent To Land Exchange.** Lessee acknowledges that the Leased Premises, or any portion thereof, may be the subject of a future land exchange by Lessor, and Lessee hereby consents to the inclusion of any such land, or portion thereof, in any land exchange deemed necessary or appropriate by Lessor. This consent is given in compliance with Idaho Code § 58-138. In the event Lessor chooses to include the Leased Premises, or any portion thereof, in any proposed land exchange in the future, Lessor shall provide Lessee with at least thirty (30) days written notice from the Director of the Department of Lands. Upon the consummation of the proposed land exchange, that portion of lands included within the exchange shall be deleted from this Lease, and Lessee's lease payment obligation for the ensuing year shall be reduced proportionately. Lessee shall be entitled to continue to use the lands included within any such exchange for the balance of the year in which the exchange occurs unless otherwise notified in writing by Lessor, in which event the lease payment for such year shall be prorated.
- C. **Change in Use.** The Lease may be cancelled in whole or in part upon one hundred eighty (180) calendar days written notice by Lessor if the use of the Leased Premises is to be changed to any other use that is incompatible with the use authorized by this Lease, as designated by Lessor. In the event of early cancellation due to change in land use, Lessee will be entitled to a prorata refund of the premium bid for a conflicted lease.

13. Relationship of the Parties.

Lessee is not an officer, employee or agent of Lessor. In no event shall any official, officer, employee or agent of Lessor or of the State of Idaho be in any way personally liable or responsible for any covenant or obligation contained in this Lease, express or implied, nor for any statement, representation or warranty made in connection herewith.

14. Reservations by Lessor.

Lessor expressly reserves and excepts the following rights:

- A. To enter upon the Leased Premises, or any portion thereof, during the term of this Lease for any purpose, including, but not limited to, the purpose of inspecting the Leased Premises.
- B. All rights not expressly granted to Lessee under this Lease, including, but not limited to, all rights to timber, oil and gas, geothermal rights, mineral rights, easements and rights-of-way, water, and fee title to the Leased Premises, and title to all appurtenances and improvements placed thereon by Lessor.

- C. To grant easements and rights-of-way over and across the Leased Premises. Lessor shall coordinate with Lessee before processing any easement applications on the Leased Premises. The grantee of such easement shall, before exercising the same, pay Lessee the reasonable value of any permitted improvements and any growing and immature crops, if crops or improvements are impacted by the easement. Said value shall be determined by Lessor's valuation.
- D. To issue other leases on the Leased Premises. Such other leases may be for any purpose deemed appropriate by Lessor, including, but not limited to, the exploration and development of oil, gas, geothermal and mineral resources as provided by Title 47, Idaho Code. In the event any such other lease is granted by Lessor, the other lessee shall, before exercising the same, pay Lessee the reasonable value of any permitted improvements and any growing and immature crops, if crops or improvements are impacted by the other lease. Said value shall be determined by Lessor's valuation. If the other lease conflicts with the grazing use or makes consumptive use of forages, the grazing rental will be adjusted to reflect such loss of use.
- E. To require that changes be made in the use under this Lease, and/or to the improvements on the Leased Premises, including, but not limited to, the sanitation or other facilities for the protection of public health, safety, preservation of property or water quality.
- F. To reserve as Lessor's sole property any and all water appurtenant to Lessor's land or from any source arising thereon and to hold water rights for any beneficial use that may be developed as a result of this Lease, and as further provided in *Section 8. Water Right and Water Use* of these Lease Provisions.
- G. Rights of ingress, egress, and access, over and across the Leased Premises for Lessor and its lessees, permittees, contractors, and assigns on existing roads, or on suitable alternative roads provided by Lessee.
- H. To change the use of the Leased Premises, in whole or in part, for other uses that will better achieve the objective of Lessor. Upon a change in use this Lease may, at Lessor's discretion, be terminated in whole or as to the affected part. In the event of any such termination due to a change in use, the provisions of *Section 10. Construction of Improvements* of these Lease Provisions, relating to compensation for permitted improvements shall apply.
- I. To sell timber on the Leased Premises or otherwise conduct forest management activities, Lessor reserves the right to restrict or prohibit grazing use on all or portions of the Leased Premises for timber management purposes. Lessee will be given not less than one hundred eighty (180) calendar days written notice of any such restrictions or termination of grazing use, together with a map of the restricted area.
- J. To restrict or prohibit grazing on all or any portion thereof of the Leased Premises in response to emergency conditions such as, but not limited to, fires, flooding and drought.
- K. To sell all or any portion of the Leased Premises at any time during the term of this Lease, and as further provided in *Section 12. Sale, Exchange or Change-in-Use of Leased Premises* of these Lease Provisions.
- L. To harvest seed from plants on land not under a farming lease. Lessor will coordinate the harvesting activities with Lessee to minimize impacts on farming operations.
- M. To close roads for road protection, wildlife protection or administrative purposes. Planned road closures will be reviewed with Lessee prior to action by Lessor.
- N. To claim all permanent improvements placed upon the Leased Premises remaining after six (6) months in cases of abandonment by Lessee or to take possession immediately in cases of cancellation upon breach of any of the conditions of the Lease. No improvements will be disposed of by Lessor until all appeals have been exhausted.

15. Indemnification.

Lessee shall indemnify, defend and hold harmless Lessor, the State of Idaho, its officers, agents and employees from and against any liability, claims, actions, damages, costs, expenses or losses, including reasonable attorney's fees and costs caused by or arising out of the performance, acts or omissions of Lessee, Lessee's agents, officers or employees, or persons using the Leased Premises with Lessee's permission, or otherwise arising out of Lessee's use or occupation of the Leased Premises; or arising from the failure of the same to comply with any applicable state, federal, local, law, statute, rule, regulation, act, or provision of this Lease. This duty to indemnify, defend and hold harmless shall encompass any claims which include or allege negligence of Lessor, its agents, officers or employees other than claims which arise solely out of negligence on the part of Lessor, and this duty shall survive the termination or expiration of this Lease.

16. Payment of Taxes, Assessments or Fees – Lien.

Unless otherwise provided, Lessee shall pay all water charges, fees, assessments or taxes of whatsoever nature that may be legally levied or assessed against the Leased Premises herein described, or any portion thereof or on any improvements thereto. If the same is not paid, it shall constitute a lien in favor of the State of Idaho against all improvements, or crops growing on the Leased Premises.

17. Lessee's Default.

- A. Lessee's Failure to Comply. Lessee's failure to comply with the Lease Provisions and any Special Terms and Conditions shall be a breach giving rise to a basis for termination of the Lease. Lessor shall provide Lessee thirty (30) calendar days written notice of the cancellation and, if applicable, the corrective action required of Lessee. The notice shall specify a reasonable time to make a correction or cure the violation or breach, if such breach is subject to correction or cure. If the corrective action or cure is not taken within the specified time or does not occur, then the Lease shall be automatically terminated on the date specified in the written cancellation notice without any further notice or demand, unless otherwise agreed by Lessor in writing. Lessee shall not, while in default, remove any of the improvements, or crops thereon, whether crops are harvested or not unless directed by Lessor. In addition to the rights and remedies specifically granted to Lessor under this Lease, Lessor shall have such other rights and remedies against Lessee as are available at law or in equity, and Lessor's pursuit of any particular remedy for breach shall not, in and of itself, constitute a waiver or relinquishment of any other compatible claim of Lessor against Lessee.
- B. Lessor's Performance Upon Lessee Default. In the event Lessee fails to perform any act or do anything which Lessee is required to do under the terms of this Lease, Lessor shall have the right, but not the obligation, to perform on behalf of Lessee, any such action. Lessee shall immediately reimburse Lessor for all costs and expenses, including attorney fees, (including fees from the Office of the Attorney General of the State of Idaho), incurred by Lessor in performing any such act or thing. Lessee's obligation to pay costs hereunder shall be deemed to be additional rent fully due and payable on demand from Lessor.

18. Surrender of Land.

Lessee shall, at the termination or expiration of this Lease, deliver immediate possession and vacate the Leased Premises, leaving it in the same or better condition than it was in at the time of Lessee's entry on such premises under this agreement, except for reasonable use and wear, acts of God, or damage by causes beyond the control of Lessee, and upon vacating shall leave the demised land free and clear of all rubbish and debris, and with all improvements in good order and condition.

19. Cancellation By Mutual Agreement.

Leases may be cancelled by mutual agreement between the Lessor and the Lessee. The Lessor will not unreasonably withhold approval of a request for cancellation by a Lessee.

20. Notices.

- A. **Notices.** Any notice or any demand given under the terms of this Lease shall be deemed given and delivered on the date when personally delivered or if mailed, the date same is deposited in the United States Mail, and mailed by regular or certified mail, postage prepaid and properly addressed to the appropriate party.
- B. **Addresses.** Until changed by notice in writing, notice, demands, and communications under this Lease shall be addressed to Lessor at:

Idaho State Board of Land Commissioners
300 North 6th Street, Suite 103
PO Box 83720
Boise ID 83720-0050

and to Lessee at the address set forth at the beginning of this Lease. Any notice or correspondence mailed to Lessee at the last identified address shall be deemed effective delivery. It is Lessee's duty to notify Lessor, in writing, of any change in mailing address.

21. Waiver.

The waiver by Lessor of any breach of any term, covenant or condition of this Lease shall not be deemed to be a waiver of any past, present or future breach of the same or any other term, covenant or condition of this Lease. The acceptance of rent by Lessor hereunder shall not be construed to be a waiver of any violation of the term(s) of this Lease. No payment by the Lessee of a lesser amount than shall be due according to the terms of this Lease shall be deemed or construed to be other than a part payment on account of the most recent rent due, nor shall any endorsement or statement of any check or letter accompanying any payment be deemed to create an accord and satisfaction.

22. Attorneys' Fees and Costs.

In the event Lessor initiates a legal proceeding of any kind instituted under this Lease or to obtain performance of any kind under this Lease, and Lessor prevails, Lessor shall be awarded such additional sums as the court may adjudge for reasonable attorney's fees (including fees from the Office of the Attorney General of the State of Idaho) and to pay all costs and disbursements incurred in such proceeding, including, but not limited to, accountants' fees and fees of appraisers or other experts.

23. Lessee's Compliance with Applicable Laws and Rules.

- A. **Full compliance.** Lessee shall fully comply with all applicable federal, state, or local statutes, ordinances, rules, regulations and laws now existing or hereafter enacted. This shall include, but not be limited to, all applicable rules and regulations and standards promulgated by the State Board of Land Commissioners or the Idaho Department of Lands, including but not limited to, the rules governing leasing of endowment lands, IDAPA 20.03.14.
- B. **No Waste or Nuisance.** Lessee shall not use the Leased Premises in any manner that would constitute loss or waste, nor shall Lessee allow the same to be committed thereon. Lessee shall not do anything which will create a nuisance or a danger to persons or property.

24. Miscellaneous.

- A. **No Trespass.** Lessee shall not allow Lessee's livestock to graze or run at large over any lands of Lessor in a manner not approved within the Lease Terms and Special Provisions, nor shall Lessee authorize any other person to graze or run livestock over Lessor's lands without the express written consent of Lessor.
- B. **Appraisals and Valuations.** Any appraisal or valuation by Lessor called for in this Lease shall be done by Lessor in accordance with applicable state law and regulations, and the then existing policy of Lessor.

- C. **Subject to Existing Leases/Easements.** This Lease is expressly subject to any right-of-way, easement, lease or contract, including, but not limited to, any present or future timber sale contract, that are now in force and effect or that may hereafter be granted relating to the Leased Premises.
- D. **Timber.** This Lease does not authorize Lessee to cut any timber growing on the Leased Premises. Any unauthorized use of such timber by the Lessee or with his knowledge or consent, shall work a forfeiture of this Lease without notice, and said Lessee shall be responsible for damages in the amount of treble the value of the timber used or taken and all other damages. Said timber value to be determined by Lessor.
- E. **Modification.** This Lease may be modified only by a fully executed Lease Adjustment on a form provided by Lessor.
- F. **Binding on Heirs and Successors.** This Lease, including the Lease Provisions and any Special Terms and Conditions, shall inure to the benefit and be binding upon the heirs, executors, successors, sublessees, and assigns of the parties.

- H. **Entire Agreement.** This Lease, including the Summary of Lease Provisions, the Lease Provisions, the Signature Page and all Attachments attached hereto, contains the entire agreement between the parties concerning the subject matter hereof and supersedes any and all prior agreements. The execution of this Lease has not been induced by either party, or any agent of either party, by representations, promises or undertakings not expressed herein and, further, there are no collateral agreements, stipulations, covenants, promises, inducements or undertakings whatsoever between the respective parties concerning this Lease except those which are expressly contained herein.
- I. **Governing Law and Forum.** This Lease shall be construed in accordance with and governed by the laws of the State of Idaho and the parties consent to the jurisdiction of Idaho State courts located in Ada County in the event of any dispute with respect to this Lease.
- J. **Severability.** In the event any provision of this Lease shall be held invalid or unenforceable according to law, for any reason whatsoever, then the validity, legality or enforceability of the remaining provisions shall not in any way be affected or impaired.
- K. **Counterparts.** This agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which together shall constitute but one and the same instrument.

b. Licensor's Reserved Rights. Licensor shall at all times have the full use of the Licensed Area for any purpose it desires, said rights being paramount to any rights or privileges of Licensee hereunder. Conditions of Use

1. **Soil Disturbance/Revegetation.** During the Term of this License, and any renewal Term, if Licensee's activity on the Licensor's Property or the Licensed Area results in disturbed soils and/or plant damage, Licensee shall, at Licensee's sole cost and expense, reseed any disturbed areas using a planting/seed mix approved by Licensor and in a manner approved by Licensor. Licensor, at Licensor's sole discretion, may require Licensee to develop and implement a revegetation plan that is agreeable to both parties. To facilitate revegetation, Licensee shall stockpile material excavated during installation or maintenance activities and shall use said material as backfill for the excavated area. Any excess material shall be disposed at an offsite location outside the Project boundary and the Licensor's Property. Should Licensee's revegetation efforts for any disturbed area fail, Licensee, upon receipt of an invoice from Licensor, agrees to reimburse Licensor for Licensor's time and materials used for revegetation.

2. **Shoreline Stabilization.** Licensee shall install stone rip rap to ensure structural stabilization of any shoreline areas that are disturbed as a result of Licensee's or Licensee's Agents use of the Licensed Area or Licensor's Property. Licensee shall employ all reasonable measures to avoid shoreline erosion caused by its equipment and employees and shall monitor the shoreline areas of the Licensed Area to ensure operation, maintenance and or repair activities do not contribute to future shoreline erosion or destabilization. Should Licensor or Licensee identify any shoreline erosion or destabilization adjacent to the Licensed Area, Licensor shall set forth remediation measures which Licensee shall immediately institute to remediate any erosion or destabilization. Licensee's trucks shall not drive below the high water line of the reservoir adjacent to the Licensed Area.

3. **Storage on Licensed Area.** Licensee shall not store building, construction and/or pumping materials or machinery on the Licensed Area. Licensee shall dispose of all materials, to include screened aquatic vegetation, silt, or other spoils associated with Licensee's construction, operation, maintenance or repair of the Licensed Area and Licensee's Improvements, outside the Licensed Area, Licensor's Property and FERC Project Boundary.

4. **Weed and Noxious Weed Control.** Licensee, at its sole cost and expense, shall be responsible for maintenance and upkeep of the Licensed Area, to include the control of weeds and noxious weeds in accordance with local, state and federal laws and regulations. Licensee shall, at its sole cost and expense, control noxious weeds in the Project Waters immediately adjacent to the Licensed Area. Licensor is available to assist with the control of noxious weeds on the Licensed Area, provided Licensee requests Licensor's assistance to control noxious weeds and pays Licensor for all time and materials costs. Licensee is responsible for monitoring and removing aquatic weeds from the Licensed Area and Project Waters adjacent to the Licensed Area and disposing of any such aquatic weeds at an offsite location.

5. Cultural Resource Protection. Licensee shall comply with the following stipulations for the protection of cultural resources on the Licensed Area and Licensor's Property:

a. Licensee shall restrict all construction, operations, maintenance, and repair activities to the Licensed Area.

b. Subsequent to installation of Licensee's Improvements, Licensee's activities for the continued operation, maintenance and repair of Licensee's Improvements within the Licensed Area shall be limited to pedestrian and vehicular access (excluding heavy or tracked equipment unless heavy or tracked equipment is necessary to repair replace or reconstruct any of Licensee's Improvements during the term of this License, in which case Licensee will obtain Licensor's prior approval for each such use).

c. Any modification, alteration, or addition to Licensee's Improvements shall comply with and be approved by Licensor pursuant to the project approval process defined in the Idaho Power Company C.J. Strike Historic Properties Management Plan ("HPMP"). Licensee agrees to request Licensor approval for any modification, alteration, or addition to Licensee's Improvements or change of use of the Licensed Area by submittal of a proposal to Licensor, prepared by Licensee in accordance with the requirements set forth in the HPMP. The HPMP process may take a minimum of ninety (90) days, possibly more, and shall conclude upon completion of Licensor's consultation with the Idaho State Historic Preservation Office ("SHPO"). The scope of Licensee's proposal may require additional cultural resources investigations within the Licensed Area which may increase the time necessary for project approval.

d. If in the course of carrying out allowed activities (section 5b, above), or activities proposed and approved hereunder pursuant to the HPMP (section 5c, above), should Licensee observe cultural materials (e.g.: stone tools, pottery, human skeletal remains, buried archaeological features of any type (fire pits, hearths, anthropogenic soils, ash or soil stains), or other prehistoric or historic artifacts), Licensee shall immediately cease all activity in the area of the discovery and shall notify Licensor's Cultural Resource Manager at (208) 388-2200. Licensee and Licensee's Agents may not resume work in the area of any such discovery until Licensor's Cultural Resource Manager grants clearance to proceed, in writing.

6. Power Line Installation.

a. All power lines to the Licensed Area and Licensee's Improvements shall be installed below ground from the point any power line begins to run parallel to the shoreline of the Project waters and continuing to Licensee's Improvements. A minimum of twelve inches (12") of separation shall be maintained between Idaho Power installed conduits/cables and any other buried pipes, conduits or cables. Sized, secondary containment must be provided at Licensee's pump station around the pad mounted electric transformer location. Idaho Power Underground Distributions standards shall be adhered to for construction and maintenance.

b. To protect waterfowl and other avian species, all above ground distribution power lines to the Licensed Area and Licensee's Improvements shall incorporate any necessary standard avian protection measures, which shall include, but may not be limited to, avian deflectors.

7. **Agency Review and Conditions.** Pursuant to FERC License requirements, Licensors has submitted Licensee's proposed use and plans for the Licensed Area and Licensee's Improvements to federal, state, and local agencies (collectively, "Agencies") for review and approval. Licensee agrees to comply with any conditions set forth by the Agencies, and acknowledges that any such conditions may be in addition to the terms and conditions set forth herein.

RE: AMENDED RENTAL AGREEMENT 740 – REQUEST FOR ADDITIONAL RENTAL FEES FOR RENTAL FROM THE WATER SUPPLY BANK

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Renter:

The Department of Water Resources (“Department”) executed approved Rental Agreement 740 on June 16, 2023, but there was an error in the calculated volume rented under rights 2-10427 with 2-10432, resulting in a lower rental rate than should have been calculated and requested in the approval document.

A rental fee of \$5,927.10 per year was calculated based on the current rental rate of \$23.00 per acre-foot times a diversion volume of 257.5 acre-feet. The actual volume rented to fulfill your rental request is 274.9 acre-feet and based on the current rental rate of \$23.00 per acre-foot totals \$6,322.70 per year. The previously calculated rental fee was received in June, leaving a difference due of \$395.60 for 2023.

Please send a check for the additional \$395.60 for 2023 made payable to the Idaho Department of Water Resources, together with the signed AMENDED rental agreement, within 14 days.

Pursuant to the Water Supply Bank Rules, 90% or \$356.04 of the rental fee will be paid to the lessor(s) and 10% or \$39.56 will be retained by the Department to offset administrative costs for 2023.

If you have any questions, please contact me at (208) 287-4936.

Sincerely,

Re: Review & Analysis of Application to Rent Water from the State Water Supply Bank

PURPOSE/NARRATIVE: Application 2596 was sent in by Bachman Land and Livestock LLC and received on February 13th, 2023. Application processing was delayed because the applicant needed to send in attached farm lease agreements. The application proposes to rent from contract 1070 and 1069 from 2023-2024. However, after reviewing the availability of both contracts it was discovered contract 1069 was unavailable. Another contract, 1136 was found to fill the remaining 33.9 acres of irrigation. The point of diversion is within the Mountain Home GWMA, Snake River Basin Moratorium, and Trust Water Area. This proposal is a renewal of agreement 401 which expired in 2022, but with different water rights.

AUTHORITY TO FILE: Lynn Backman signed the application. Ms. Lynn has the authority to file this application because she is a member of the company according to the Idaho Secretary of States Office Database. The place of use is split by different ownership. The pivot to the north is owned by the State of Idaho and the acres to the south are owned by Tim and Melody Landis according to Department records. The applicant provided documentation of two farm lease agreements allowing Backman Land and Livestock to farm both proposed properties in which rental water will be applied. Access to the point of diversion is provided by water rights appurtenant to land in the farm lease agreement with Tim and Melody Landis.

INJURY TO OTHER WATER RIGHTS: The proposed rental point of diversion is moving 3 miles upstream on the Snake River. Since the Snake River contains a large volume of water it would be unlikely the movement of water from the lease to rental point of diversion would cause injury to other users. There are no other injury concerns.

ENLARGEMENT OF USE: Roughly 8.0 acres of water right's 2-2124, 2-2092B and 2-2277 are part of the acres proposed. However, Aerial Imagery indicates those acres are not currently irrigated. Therefore, utilizing rental water, diverting from the same POD as the rights listed above would not constitute an enlargement of those rights. However, the volume per acre of the leased water rights is 5 af/ acre. The agreement will be limited to 0.02 cfs/acre and 4.0 af/acre. The remaining 47 acres do not have any water rights, with the same beneficial use overlapping. Therefore, there are no other enlargement concerns.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The rental appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The point of diversion is within Basin 2 and Water District 2. The Water Master and Western Regional Manager were contacted for comment on March 16th, 2023. No response was received, it is assumed there is no concern with this proposal.

Hello Nick and Rob

I am almost finished with my review of rental application 2596 which is within Basin 2 and Water District 2. The applicant is Bachman Land and Livestock LLC. The application proposed to rent contracts 1070 and 1069 from the water supply bank from 2023-2024. However, contract 1069 was unavailable. Another contract, 1136 was found to fill the remainder of their proposal. Attached is a draft rental agreement, review memo, and map of the place of use. If any comments are necessary, please let me know within 14 days. If you have any questions or need clarification, please let me know.
