Re: Change in Ownership for Water Right No(s): 2-2156, 2-2245A, 2-7055, 2-7112A, 2-10318 & 2-10562

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

A portion of water right(s) 2-7055 & 2-7112A was leased to the Water Supply Bank (Bank) on January 1, 2020. In accordance with the Bank lease acceptance, the lessor or current right holder may not use the right(s) while it is in the Bank, even if the right(s) is not rented from the Bank. This portion will remain in the Bank until **December 31, 2023**, unless the right(s) are released earlier by the Idaho Water Resource Board or upon request by the right holder. **To reduce the term of the lease, the right holder must submit a written request to the department.** The department will verify if the right is rented or available for release and notify the right holder of the release date.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

Subject: Water Bank Lease Applications, Water Rights 2-7112A (all), 2-7055 (part)
Water Bank Rental Application, Water Right 2-7112A
Notice of Change in Water Right Ownership

Dear Mary,

Enclosed are two water bank lease applications for Crane Falls Acres LLC. These acres proposed for lease are currently part of Contract #1216 set to expire 12/31/2023. Applicants wish to "re-lease" 297 of the currently leased 328 acres for another three years. Check #1018 is enclosed for the \$500 filing fee.

Applicants' tenant farmer (Bruce Lampman) is planning pivot adjustments that will increase irrigation by 31 acres which is why less acres are being "re-leased". As we discussed on the phone, Bruce would like to irrigate the 31 additional acres late this season once the pivot adjustments are made. As recommended, enclosed is a water bank rental application requesting to rent water currently banked under water right 2-7112A. The rental fee is to cover administrative costs only per private agreement between Crane Falls Acres LLC (Jacoba and Clay Atkins) and Bruce Lampman.

The subject water rights are currently in the Atkins names. The Atkins deeded the property to Crane Falls Acres LLC in 2022 with Jacoba and A. Clay Atkins as the managing members. Enclosed is a Notice of Change in Water Right Ownership and associated grant deeds to allow ownership of the water right records be updated. Check #1019 is enclosed for the \$150 filing fee.

Please let me know if there are any questions. Thanks Mary.
