RE: Change in Ownership Water Right No. 15-7037

Dear Sir:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership on September 10, 2024, for the above mentioned water right. The Notice could not be processed because sufficient evidence of ownership was not provided. In order for the department to update ownership of a water right a copy of the 'recorded' Warranty Deed or other legal document indicating your ownership in the water right and/or property is required. The escrow agreement provided with the application is not sufficient evidence of ownership.

Because the department is returning your application you are entitled to a full refund. The department has initiated the refund, and a check should arrive from the state office in couple of weeks.

Once you have collected sufficient evidence of ownership documentation, you may re-file your Notice.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Christina Henman
Administrative Assistant
