Ben and Jacqueline,

I am working on the recommendation for your claim to a water right (97-9624) and I was hoping you could clarify the location of your well (point of diversion). You filled out your claim online and placed your point of diversion right next to your home. On our GIS system, we have record of a well (Well ID 334052) that is in the name of a previous owner of your property (Tim Fox). I have attached a well driller's report for that well, and if you could confirm or deny that that is the well you're using, that would be really helpful. In addition to being in a previous owner's name, the completion date on this well seems to match your claimed priority date of 12//1998. I will also include an aerial image of your area and if you could mark where the well is, that would be really helpful for my review. Sorry, I know that's a lot to throw at you. If you have any questions, my number is 208-287-4871. Thanks!
