RE: Clark Fork-Pend Oreille River Basin Adjudication claim 97-8097

Dear Claimants:

The Idaho Department of Water Resources recently received the Notice of Claim to a Water Right you filed. Section 42-1409, Idaho Code, provides that **the date of priority claimed is when the water was first applied to beneficial use**. The priority date on your claim matches the date that the claim was received. However, a Well Driller's Report for well tag no. D0028156 (Well ID: 362051) indicates that the well on parcel no. RP00072011007AA was drilled on February 5, 2003. This may be a more appropriate priority date for claim no. 97-8097.

Included is a copy of claim no. 97-8097. If you feel that this earlier priority date more accurately reflects when the water was put to beneficial use, please write in the corrected priority date, sign the claim and return it to the address below. If you take no action, a recommendation will be made to the Idaho water court that reflects the original priority date.
