Eric,

I am in the process of reviewing your claim to a water right 97-7825 and was hoping you could clarify a few things for me. Firstly, it shows your place of use as an empty lot owned by Mullen Trust, which is adjacent to your property. I saw you submitted your claim online, so I assume this was a mistake and you meant to check your own property just to the west of there (RP56N06W120600A). Let me know if that sounds right. Additionally, you claimed a priority date of 9/28/2021. I assume there was a misunderstanding here as the priority date is meant to reflect when the water was first put to beneficial use. In this case, it would reflect when the home was built or when you first began using your well, which leads me to my final question. I have attached a well driller's report of what I believe to be the well you are using. If you could confirm or deny that, that would be great. If that is not your well, a Well Driller's Report, Metal Tag Number, etc. would be helpful in identifying the well you use for this water right. I know I just threw a lot of information at you, so give me a call if you have any questions: 208-287-4871. Thanks!

Jared Klay
