Dear Claimants:

The Idaho Department of Water Resources has received your Clark Fork-Pend Oreille River Basin Adjudication claim no. 97-8549. Bonner County parcel data shows a built date of 1950 AND 1978 for parcel RP59N04W053754A, which does not support the claimed priority date of 06/01/1977. When claiming domestic use for two homes, the date the second home was built supports when water was put to beneficial use for two homes. Unless evidence supporting the claimed priority date is received, the department will recommend a priority date of 12/31/1978, as supported by the available information.

If you have evidence to support your claimed priority date, please send it to the address below.
