Subject: Notice of Claim 97-9258

Olivia and Harold,

I am currently reviewing your notice of claim to a water right (97-9258) that you submitted a while back and had a question for you. For your priority date, you claimed 6/5/2018 and cited that is the date you bought the home. The priority date is meant to reflect the date that your well first began supplying water for domestic and stockwater use, even if that was a previous owner of the property. As it stands, your claim will be recommended as 6/5/2018 but if you would like, I can send you an amended notice of claim to sign that will allow you to change that priority date to an older date. This would be when the well was first drilled and used for those purposes. This would give your water right more seniority in terms of Prior Appropriation. Let me know if this is something you would be interested in. If not, no further action is needed on your part. Let me know if you have any questions 🙏
