Hi Ashley,

Yes, we did receive your time extension request and have profiled it to your claim file. Additional evidence or claim amendments can be submitted for water right claims at any time prior to our filing of the Director's Report with the Court, and IDWR will revise our recommendations accordingly whenever provided new evidence or an Amended Notice of Claim. The Director's Report for your particular region will not be submitted until at least late summer or fall of 2024 so you have some time.

Feel free to contact me if you have any further questions and I'll be happy to help.

Best Regards,

Evan
