Dear Mr. Long,

Thank you for returning the change of ownership form and the amended claim to IDWR promptly. This letter is intended to follow up with my e-mail to you dated November 16, 2023. At this time, we have not received the map and the warranty deed that I prepared and mailed to you along with the change of ownership paperwork. These two documents are needed to process the ownership change by our department. Please review these two documents to ensure that they represent the property and the water right you want to transfer the ownership on. Once you have done that, return them to our office at the address below as soon as possible so that I can move forward with recommending your claim in the trust's ownership.

I called your number on record and spoke with someone on 9/28 who said that they would let you know that we were waiting to receive this paperwork from you. If you have sent this out in the last day or two please disregard this message. If I do not receive these documents from you by 11/24/23, I will move forward with recommending the your water right as-claimed. You may still change the water right ownership at any time afterwards, but once the water right has been decreed you will be required to pay the corresponding fee for the ownership change to complete it.

Please don't hesitate to reach out with any questions.

Best regards,

Greg Cooksey
Senior Water Resource Agent
