RE: Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Claim #: 97-7652

Dear Claimant:

The Idaho Department of Water Resources has received the Notice of Claim to a Water Right form you submitted for CFPRBA Claim No. 97-7652. We are unable to recommend the full extent of this claim to the Court for the following reason.

The Notice of Claim to a Water Right identified with the number shown above was filed for the domestic use of a well for three homes in a subdivision is not allowed under section 42.111 Idaho Code. Under this statute, only one home may be recommended for domestic use of a well within a subdivision, and any other homes must obtain a water right through the permit/licensure process. For this reason, I am only able to recommend your home for this water right, and the other two will need to complete an Application for Permit. For your convenience, I have enclosed that form along with filing instructions.

Additionally, you indicated that you weren't sure of the exact priority date. I was able to locate a well driller's log for your well, and I am able to use that as evidence to recommend a priority date of 10/25/2002 based on the date of completion. If you have any other evidence to provide that would attest to an earlier priority date, please forward that to our office so that we can review this recommendation again.

Do not hesitate to contact me if you have any questions. I can be reached by phone during business hours at 208-762-2800 or by email at greg.cooksey@idwr.idaho.gov.

Best Regards,

Greg Cooksey
