Hi Dylan,

Thank you for reaching back out to me on this matter. I ran my idea past my supervisor after we got off the phone, and he showed me a way that I can complete the recommendation as we discussed without having to send out an amended claim for you to sign and return. If we leave your claim as-is, I can recommend your claim with an explanatory code that will note that the 2nd "home" listed on the claim was actually a shop with water plumbed to it. This means we won't have to worry about using the year the shop was built for the priority date, and we can stick with 1988 without any issues. I am working on recommending your claim this way at this very moment. If you would like to make any other amendments, or if you have any other questions, please don't hesitate to reach out to me. Otherwise, no further action is required from you at this time.

Thank you,
Greg Cooksey

Hi Greg,

Can you send the form I need to sign when you get a chance, I don't have an attachment on this email.

Thank you,

Dylan Wallace

Dear Claimant,

I am contacting you about a Notice of Claim To A Water Right that you filed on 9/13/21, with the Idaho Department of Water Resources, for your domestic use of a shared well on property in Coolin, ID. I have begun the process of recommendation of your claim to the court for decree, and I would like to clarify some information before I complete my recommendation. In order for this claim to be recommended as accurately as possible, please reach out to me by February 2 for clarification. If I do not receive any correspondence from one of the claimants by that day, your claim will be recommended as-claimed, which will likely only result in a partial recommendation of what was originally claimed.

I can be reached during business hours using the contact information below.

Best regards,

Greg Cooksey
