Hello Greg,

The well driller had to vacate the original site and it was relocated southeast of the entry gate. Feel free to contact me if you have any further questions.

Thank you,
David Melbourn

Dear David,

I have received your Notice of Claim for a Water Right number 97-8915, and I am contacting you because I would like to get some clarification on the well's location on your property. I see the area that you mapped your well on your claim is just to the southeast of your driveway gate. Is that still accurate? The reason for this question is because the well driller's report indicates that the well is located much closer to your home.

Please contact me at your earliest convenience so that I can move forward with recommending your claim to the court.

Thank you,
Greg Cooksey
