Thomas and Justina,

I am working on your claim to a water right you submitted a while back (97-8942). On the claim, you noted that you irrigate up to 1 acre. Domestic use covers up to ½ acre, but if you are irrigating more than that, you will likely want to file an application for permit for that use, which is a different form than the one you filled out for this claim. Are you currently irrigating over ½ acre?
