RE: Change in Ownership Water Right No. 31-12354, 31-12234

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. The department received sufficient evidence to update 31-12234, however additional information is required in order to update 31-12354.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** The deed received does not cover the entire place of use of water right 31-12354. That water right is for 26.8 acres irrigation within the SWSE of Section 5 Township 7 North Range 36 East, the deed Tract 1 is only for 12.5 acres within that quarter quarter. Please supply additional evidence of ownership. The county parcel information it is parcel RP07N36E058403 and reflects deed number 472948, but the department has no way to view the deed to verify that is the correct instrument number. Tract 2 of your deed covers the place of use for 31-12234, and no additional information is required to update that water right.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Bailly
Technical Records Specialist
