I don't recall the details on that. There is currently one home that is using it, to my knowledge...

Thanks Harry.

On the claim, you indicate there is a second home that is supplied water from the well drilled in 2000. Can you let me know which home you are meaning? I've attached a map for reference. Thanks for you quick responses.

Hi Scott,

Attached you will find the quitclaim for the relevant property. It was set up so that the Richard Lustig Trust has use of it until Richard Lustig passes. We had the well put in on this parcel. Let me know if you have any further questions.

Thank you,

Harry Tefft

Harry and Sasha,

In reviewing your claim no. 97-9689, it's been found that Lustig Trust currently owns the claimed place of use (parcel no. RP56N05W187202A). After speaking with Sasha earlier today, it sounds like there may be some legal documents that shows your ownership in at least part of the claimed parcel. In order to make a recommendation on your claim, evidence of ownership will need to be submitted. Please send me any relevant documentation that shows any title or ownership to the claimed place of use.

Please let me know if you have any questions or concerns.

Best,
