Scott,

The well is located slightly to the North of the line dividing our two parcels. If you were to draw a perpendicular line bisecting the properties, the well would be in the center of the western half of the northern parcel. Does that make sense?

Thank you,

Kim Trent

Kim,

One last thing I've noticed is that the well was placed on the neighboring parcel to the north, owned by Brent and Megan Albertson. There is also a second POD indicated on a distant parcel. I'm assuming the well is located on the property you own. Could you confirm where the well is, either by indicating on the provided map or simply telling me?

Thanks for your help.

Hello Scott,

Thank you for your help. We have no home on the two parcels.
We have a 5th wheel we keep there.
