Scott,

The well is on the property which is made up of 3-lots outlined in red. Well is on lot 17 shown with a red circle on the South East corner of the lot. I do not have the exact measurements but can show you the approximate location via Google Earth. Approximately 25' from the property line to the East. Approximately 3' from Lot 16 line to the South.

If you need exact measurements I can get that to you next week.

Thanks Bradley.

Is the well on the same property? If you could let me know where on the property, that would be helpful too (ie. NW corner, smackdab in the middle, etc). I think that wraps up my questions.

Scott,

My understanding is that I must register my water source which in my case is a well I have on my property. No surface water source, like a spring or pond, is in use. Based on my assumption that registration is required I can confirm I am the owner of the property at 546 Scranton Ave, Coolin ID.

Additional information on the property as follows:

Lots 16, 17 and 18 in Block 8 of FIRST ADDITION TO COOLIN, IDAHO. The well is located on Lot 17.

If you have any additional questions please contact me.

Bradley,

I'm reviewing your adjudication claim 97-4099 and would like to confirm with you the intended property where water is being used. Based off Bonner County parcel data, I see that 546 SCRANTON AVE, COOLIN, ID (parcel no. RP00072008016AA) is owned by Michael Ned Bradley. I'm thinking this is the property that your submitted the claim for. Please confirm this so I can finish my recommendation and so your claim will be included in the upcoming Director's Report to the Idaho Water Court.

If that is not the property, please feel free to reach out and we can discuss this further.

Best,

Scott Luvaas
