Mr. Brady,
As discussed, I have attached a copy of license 96-9788 for your water right at 217 Cedar Street, Sandpoint, ID 83864. Instead of a blank claim form and instructions I went ahead and prepared a Notice of Claim form using the information from your license. At this point all you need to do is make sure everything on the form looks correct, sign it, and send it back with the claim fee of $58 USD.

While I was preparing this claim I came across the name Bob Haynes at Idaho Water Engineering, he shows up as a representative on your paperwork. He was also a long time IDWR employee and was the regional manager here at the Coeur d'Alene office before going into the consulting business. It appears he is the person who did a lot of the legwork getting your water right license applied for and issued and I assume he is the person you mentioned on the phone earlier.

If you have any questions please feel free to call or email anytime, I'm glad to help.

Thank you,

Michael Thompson
