Hi Northern folks~

It sounds like we'll have one oral motion to amend a claim in Basin 87 this afternoon, which if granted by the Court may require a site visit as part of an ADR. I'm sending on what I received from Mr. Osborn's attorney so you have a heads up on the issue, see below.

Reach out to me if you have any questions.

Thanks,
-Lacey-

Lacey and Craig,

Here are photos of the water source associated with 87-10602. You'll see in the claim tracks that it's a brick cistern, the original source of water for the house. After talking with Mr. Osborn just now, it sounds a lot like a hand dug well. I'll be moving to amend the claim at 3:30 pm from surface water to ground water.

Thanks,

Chris
