**Subject:** Map needed for CFPRBA Claim No. 97-2051  
**Attachments:** 97\_2051 Property Map.pdf

Good afternoon,

The Department of Water Resources has been attempting to contact you regarding a Notice of Claim to a Water Right submitted in the Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) for existing water right license no. 97-2051. I previously spoke with Barbara Storro regarding this matter in July, 2023, and following that conversation had sent her a property map to be marked and returned to our office. We never received the map back, and our attempts to reach you by phone have been unsuccessful. Our time is now growing short before the claim recommendations for your area will be submitted to the court, so we urgently need to get this additional information back from you to ensure accuracy in our recommendation of this water right.

I have attached a property map to this email which can be used to detail where on your property you are irrigating. Please mark the enclosed map and identify where the irrigation is taking place and where the water is diverted from the Snow Creek. If claiming water use on any of the parcels not currently owned by the claimant, Barbara Storro, please also include any information and supporting documentation you may have detailing your reason for doing so. Once completed, you may email the marked map back to me at this email address or mail the hard copy to our office at the address listed below.

Feel free to contact me if you have any questions and I will be happy to help.

Best Regards,

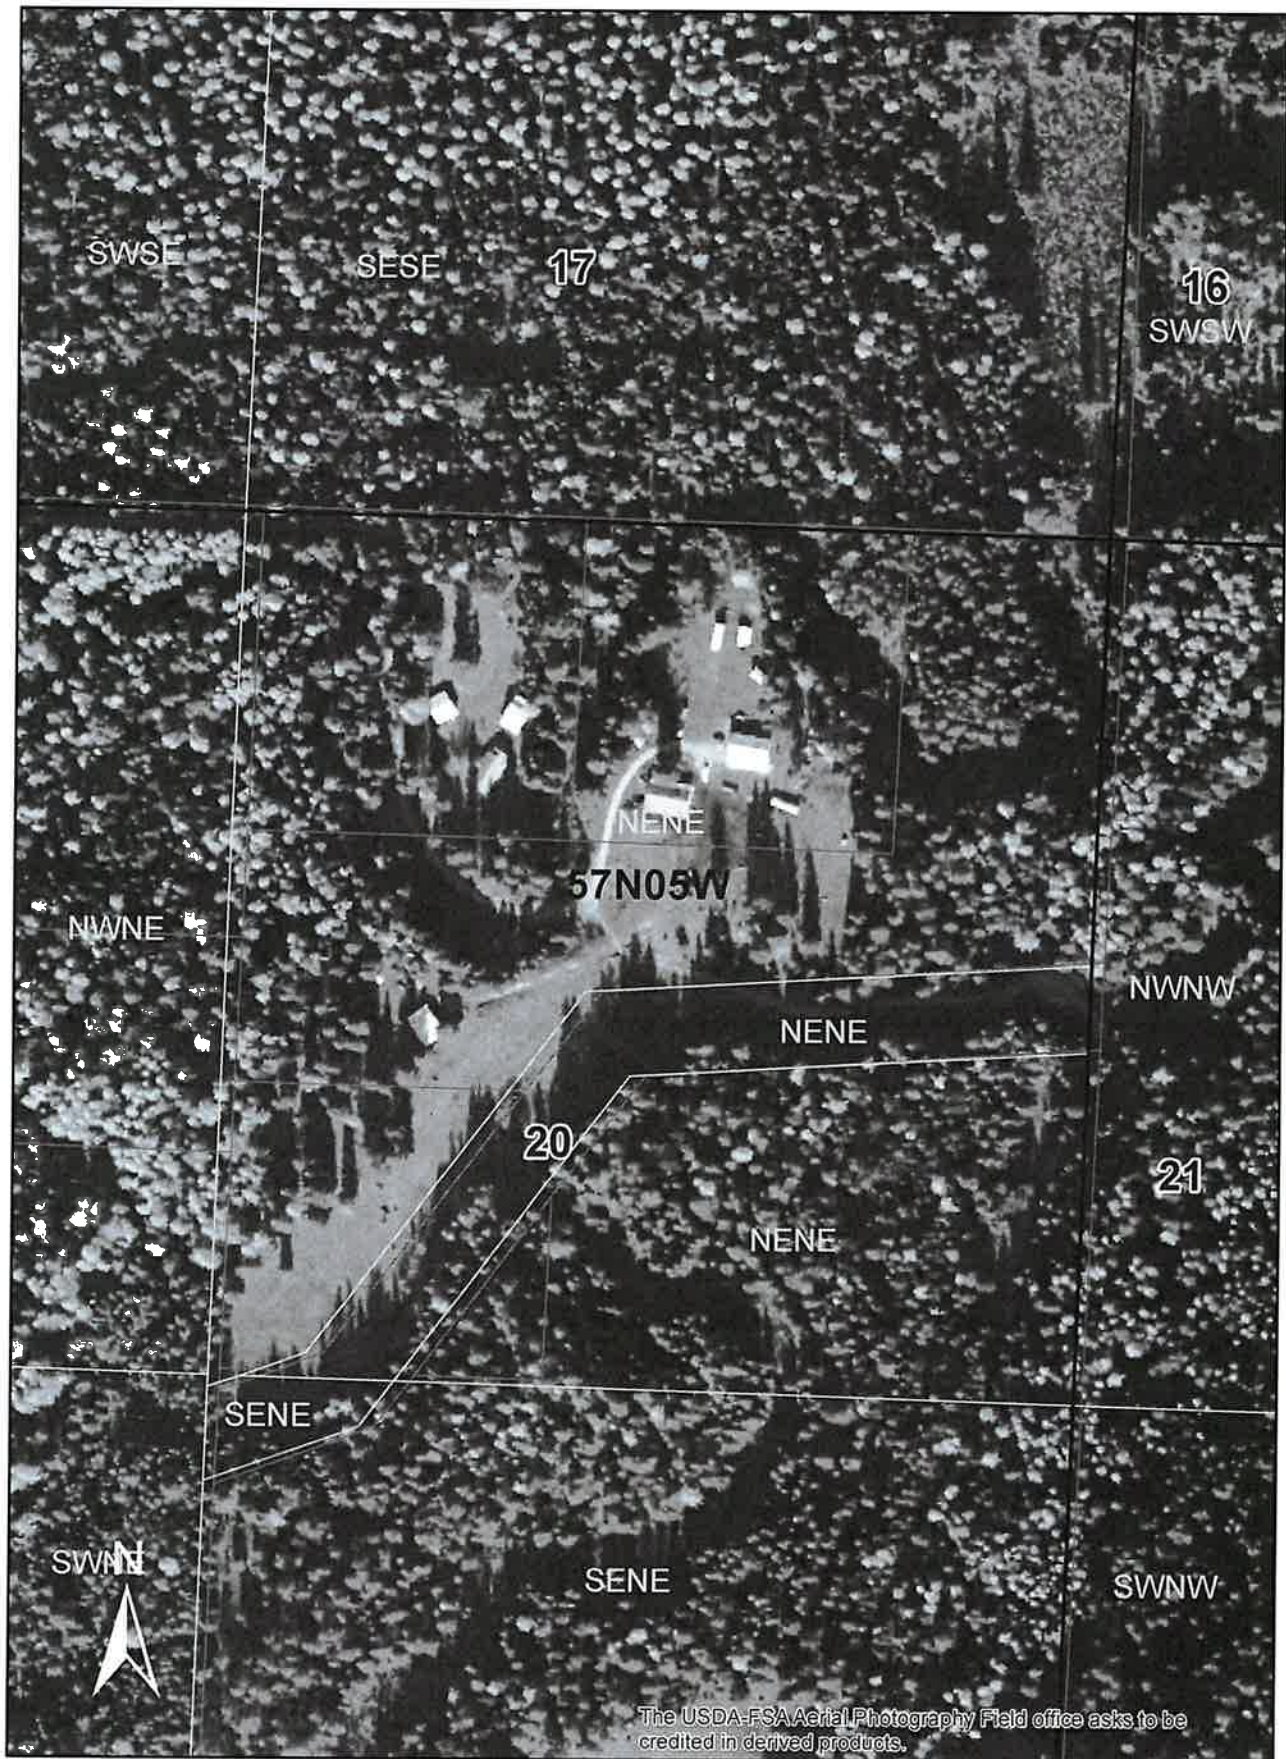

*Evan*
