Good morning,

IDWR received the Amended Notice of Claim you sent back, but you failed to mark the provided map with your spring(s) location. To ensure accuracy in the recommendation of this water right claim, we need to know where the location of the water diversion is. I have attached another copy of the property map for you to mark with the location of the developed spring that has been in use since the claimed priority date. Please mark the attached map with that location and return it back to me as soon as possible at this email address or the mailing address below.

Thank you,

Evan
