RE: Clark Fork-Pend Oreille River Basin Adjudication claim 97-9082
Application for Permit

Dear Claimant(s):

The Idaho Department of Water Resources (IDWR) recently received a Notice of Error for the adjudication claim referenced above. The recommendation on the claim is for a domestic recreational vehicle, as claimed. The Notice of Error indicates that you may be wanting to develop a water use that will occur in the future.

A water right adjudication is a court case which inventories all the existing water rights within a water system. If your intent is to file for future development, an "Application for Permit" form should be filed instead of this claim. The adjudication claim fee you paid can be applied to the fee for the application for permit.

An Application for Permit form with instructions is enclosed along with a "Request for Withdrawal of Claim with Filing fees Applied to Application for Permit" form. You may also access the Application for Permit form as a "fillable" PDF file on IDWR's website under Water Right Forms at the URL shown below.
