RE: Point of Diversion and Place of Use locations for CFPRBA Water Right Claim 97-2048

Dear Claimant(s),

The Department of Water Resources has received your Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) water right claim. We are unable to recommend your adjudication claim at this time for the following reason.

The Notice of Claim to a Water Right identified with the number shown above has been filed for the use of spring water for domestic and fire protection purposes based on a previously issued license. The map you provided with your claim is unclear which properties are served under this water right. Also, the precise location of the point of diversion (spring) is not reflected on your submitted map.

We will move forward with the recommendation of your CFPRBA Water Right claim once provided sufficient evidence to verify the locations of properties served, in addition to the location of the spring from which the water is diverted. I have enclosed a map of the claimed area, which can be marked with the locations of your place of use (POU) and point of diversion (POD). **Please mark the map with your POD and POU locations and return it to our office at the address shown above within 30 days, referencing all documents with the corresponding claim number (97-2048).**

If you have any questions or concerns, do not hesitate to contact our office and we will be happy to help. We can be reached by phone during business hours at 208-762-2800.

Best Regards,

Evan W. Roda
Water Resources Supervisor
Northern Region
