Re: Withdrawal of Application for Permit and File Claim Based on License 96-8867

Dear Ms. Lenon:

First let us express how appreciative we are for the professional and courteous manner provided by you and Tammy Alemon (?) in processing our claim and application for permit. This subject is very arcane and complex for us typical members of the public. Thank you for cutting through all the red tape to provide a simple result -- and a refund of funds, to boot! You are exemplary public employees.

Enclosed are the signed forms you provided to us. Will you please provide us with copies of the finalized Notice of Claim and Application for Permit in the Clark Fork -- Pend Oreille River Basin Adjudication pertaining to our property at 2077 W. Spring Creek Rd, Hope, ID 83836?

Thank you very much,

Ralph Ahl and Dedre Ahl
