RE: Change in Ownership Water Right No. 29-10056

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** The department acknowledges receipt of your application and deeds as evidence of ownership in water right listed above along with the \$100.00 filing fee to split the water right. Unfortunately, there is some ambiguity that will require more information. Please review the map attached showing the place of use of this water right and its location. The water right is for domestic use of a mobile home and home built in 1988, and stockwater for 40 cattle. According to the map the water right is for the home next to yours. If you believe this is an error, please submit an agreement splitting the water right with the other property owner (according to the Power County parcel information is Lee Madden), specifying which home belongs to which party (mobile or the additional home built in 1988) also if you should receive any portion of the stockwater right please specify how much each of you will receive of the 40 cattle. If you believe this water right is not appurtenant to your property, please let our office know and will return your fees and the application unprocessed.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. **If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.**

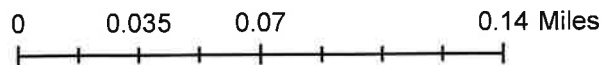

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Bailly
Technical Records Specialist
