RE: Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Claim No. 97-7317

Dear Claimant(s),

The Idaho Department of Water Resources has received your Notice of Claim to a Water Right for Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) claim no. 97-7317. We are unable to recommend your adjudication claim to the full extent requested for the following reason.

The Notice of Claim to a Water Right identified with the number shown above was filed for the use of groundwater for domestic purposes in 39 homes, with a claimed priority date of April 16, 1992. This claim was filed on the basis of previously issued water right license, no. 97-7137, which was issued for domestic use in 38 homes (copy enclosed). As the water use for the additional home was not included in the original license, it cannot be included in our recommendation of the claim to the Court. CFPRBA claim no. 97-7317 will be recommended as licensed for domestic use in 38 homes, and DOES NOT include the irrigation of lawn and garden.

If the use of groundwater has expanded beyond the limits of the original water right license, then an Application for Permit should be submitted. For your convenience I have enclosed an Application for Permit form with instructions.

If you have any questions or concerns, please feel free to contact our office and we will be happy to help. We can be reached by phone during business hours at 208-762-2800.

Best Regards,

Evan W. Roda
Water Rights Supervisor
Northern Region
