| 5 | nsteading | 2/9/2024 | Field Report Narrative |
|---|-----------|----------|------------------------|
- Water right was stuck in adjudication. Through the process of moving it to allocations, the shape was inadvertently removed. I recreated the shape based on the "Before" shape file and in doing so the adjudication recommend shape for the water right was removed. I again recreated the shape, but created the shape based on how the adjudication recommended shape would look after the water right split occurred.
