Mr. Cefalo,

I am not adverse to holding the hearing via video conference. I am not planning to be represented by counsel at this point. It will save me considerable travel time and expenses as well.

Respectfully,

Rohn Nelson

Dear Parties:

I received a voice message from Mr. Byers yesterday afternoon asking if it would be possible to participate in the upcoming hearing (scheduled for April 11, 2024) by video conference. I am not opposed to that proposal and am not opposed to conducting the entire hearing by video conference. There are only two parties. As of today, neither party has identified an attorney. Even if attorneys and consultants are retained, it will still be a small enough group to manage in a video conference setting. I believe holding the hearing by video conference will save both of you travel costs. It would save me a long drive to Salmon.

Please let me know if either of you are opposed to holding the entire hearing by video conference. If I don't hear from you by March 12th, or if you both support remote participation, we will move forward with setting up the video conference.

James
