Subject: Copy of Draft Permit
Attachments: Withdrawal of Protest Form.pdf; Permit 75-15092.pdf

Dear Parties:

Thank you for participating in the informal settlement conference yesterday morning. I now have a much better understanding of the proposed water source and of water rights administration and water supplies in Water District 75A. During the conference, Mr. Mitchell agreed to limit his domestic use to in-house, culinary use only and stated that his effluent is released into an underground septic system. You asked me to prepare a draft permit including a condition limiting the domestic use to in-house use (no irrigation) and a condition making the permit subject to Water District 75A. Attached is a draft permit with those conditions.

If the draft permit addresses the issues of protest, the protests can be withdrawn using the attached form. You can check the box for "My withdrawal is conditioned on the following" and state that the withdrawal is conditioned on the final permit matching the 2/14/2024 Draft Permit.

Feel free to reply to this email with any additional questions or concerns.

James
