WITHDRAWAL OF PROTEST

Application for ☐ Transfer ☒ Permit ☐ Amendment of Permit No. _____

In the Name of Dan Michell
Applicant

Name of Protestant: Arrowhead Water District

Represented by: Gary Leuzinger

I hereby withdraw my protest to the above referenced matter. All of my issues of protest have been addressed and/or resolved.

☐ My withdrawal is not conditional.

Or

☒ My withdrawal is conditioned on the following:

Jessie and Pollard Creeks above the Farmers Ditch are over appropriated. There are approximately 100 existing municipal, domestic and irrigation rights in this area and in late irrigation season only the top 10 or less of these rights can be filled. Existing rights depend on springs and seeps from wetlands especially in the Pollard Creek area above the Farmers Ditch and below the mouth of Chips Creek. This area of Pollard Creek is recognized by water users as a gaining area in the stream. This permit was approved by Arrowhead only because its is essentially non consumptive and the source of the permit is not in especially close proximity to the stream or a wet land.
