Watermaster,

The Idaho Department of Water Resources (IDWR) is seeking written comment and/or recommendations from you regarding the attached water right applications. Please review the applications, then complete the enclosed recommendation forms and return to this office within 21 days of the date of this letter.

If the applications are approved, IDWR will include appropriate standard conditions of approval for a water right located within a water district, such as regulation by the watermaster, lockable controlling works, and/or measuring devices. Any special conditions or other concerns you have related to these applications should be specifically addressed in your recommendation.

IDWR can finish reviewing an unprotested application as soon as the protest period has past. Your prompt response to this request will ensure that your recommendation can be considered. If IDWR has not received your written recommendation within 21 days from the date of this letter, IDWR will presume that you do not oppose approval of the applications and that you have no comments for IDWR to consider.

Please contact this office if you have any questions regarding the applications.
