

MEMORANDUM

Date: October 3, 2023
To: Transfer 88541
From: Thomas Lafortune
Re: Review & Evaluation of Sufficiency of Information

The purpose of this transfer is to correct a clerical error in the place of use for water right 74-1701. No physical change is proposed.

Authority to File:

The applicant is the current water right owner, according to Department records. The application was signed by Tom Curet, Regional Supervisor for Idaho Department of Fish and Game.

Water Right Validity:

Water right 74-1701 was decreed in the SRBA in 2007. The fish screen is actively managed by IDFG's Fish Screen Program. Forfeiture does not appear to be an issue.

Injury to Other Water Rights:

Injury to other water users is not a concern since no physical change is taking place. The water master was contacted and did not provide a comment.

Enlargement of Use:

The proposed change will not result in enlargement because the rate will not increase as a result of this transfer.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Effect on Agricultural Base of the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
