

MEMORANDUM

Date: April 18, 2024
To: Transfer 88775
From: Jake Nebeker
Re: Review & Evaluation of Sufficiency of Information

The purpose of this transfer is to change the point of diversion for water right 35-14852. The applicant is moving the point of diversion from a shared well to a new well located on his property.

Authority to File:

The applicant is the current water right holder of record. Bingham County tax lot data shows the applicant as the owner of the proposed point of diversion. The applicant has authority to make the change.

Water Right Validity:

The right included in this transfer was decreed in the SRBA in 2001. Review of 2011, 2013, 2015, 2017, 2019, 2021 and 2023 aerial photography shows growing vegetation at the current place of use. Forfeiture does not appear to be an issue.

Injury to Other Water Rights:

Other rights will not be injured by the proposed change. The quantity authorized to be diverted will not change as a result of this transfer. The water master was notified and did not provide a comment. The transfer was advertised without protest.

Enlargement of Use:

The proposed change does not appear to result in enlargement because neither rate nor volume nor irrigated acreage will increase as a result of this transfer.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
