To whom it may concern,

I approve of the water right transfer for the point of diversion that Wade Egan is proposing.

Lytton and Lynn,

Would you mind writing a brief letter stating that you approve of this water right transfer for MCIC?

Thanks,

Wade

Wade,

This morning, we talked about the Bastian diversion and its relationship to the proposed Marsh Center point of diversion. You indicated that Bastian Family Enterprises was a shareholder in the Company and that Bastian would benefit from the addition of the point of diversion proposed in Transfer 88794. Please provide us with something in writing from Bastian Family Enterprises LLC that indicates its agreement with the approval of Transfer 88794. Attached is a map which illustrates the proposed Marsh Center POD and the existing Bastian PODs from Hawkins Creek. Feel free to contact me if you have any questions. Thanks.
